| Full Legal Name "Customer": CALIFORNIA<br>DIGITAL LIBRARY ON BEHALF OF THE<br>REGENTS OF THE UNIVERSITY OF<br>CALIFORNIA | "LN": LexisNexis, a division of RELX Inc. |
| Financial Account Number: [REDACTED]                                                                                     | Organization Customer Number: [REDACTED]  |

Customer and LN are parties to a LexisNexis Master Agreement dated as of **July 2019** (the "Master Agreement"). The purpose of this Renewal Amendment is to amend and supplement the terms of the Master Agreement with the terms set forth below, including to extend the Term of the Master Agreement (the "Renewal Term"). Terms used but not defined herein shall have the meanings set forth in the Master Agreement.

## 1. SUBSCRIBED PRODUCTS AND COMMITMENT

Customer elects to subscribe to the Products identified in the table below during the Renewal Term. In exchange for access to the Products, Customer will pay to LN the Annual Commitment amounts and one-time charges set forth below. Customer shall also be responsible for any such other transactional charges as are set forth in the applicable Product Riders.

## 2. PRODUCT RIDERS

Unless updated Product Riders for a Product are attached to this Renewal Amendment, all access to the Products shall be subject to the existing Product Riders to the Master Agreement. Any Products that are added to the Master Agreement in this Renewal Amendment shall be subject to the terms of the attached Product Riders and the other terms of the Master Agreement.

3. The prices and other terms herein are subject to change if Customer has not submitted a signed copy to LN on or before .
4. This Renewal Amendment supersedes and takes the place of any prior Renewal Amendment to the Master Agreement. Except as expressly modified by this Renewal Amendment, all other terms and conditions of the Master Agreement (including the Product Riders, Master Agreement Terms, and Subscription Agreement incorporated therein) will remain in full force and effect and will be unaffected by this Renewal Amendment. In the event of a conflict or inconsistencies between the Master Agreement and this Renewal Amendment, this Renewal Amendment will control.
5. Customer may accept this Renewal Amendment by signing below. LN may accept this Renewal Amendment by providing Customer with access to the Products and Services referenced herein or by signing below.

| <b>Job Title:</b>                          | Senior Pricing Analyst                                                               |
| <b>Date:</b>                               | 6/22/2026                                                                            |

This Addendum (“Addendum”) amends and supplements the terms of the LexisNexis Master Service Agreement previously entered into between LexisNexis, a division of RELX Inc. (“LN”) and Subscriber (the “MSA”).

**1.1** The following Preferred Services are included for the indicated number of users or institution-wide, as specified in the MSA:

|                                                  |
|--------------------------------------------------|
| <b>Platform/Core Feature:</b> Nexis + AI 1548998 |
|--------------------------------------------------|

**1.2** The term of this Addendum will be coterminous with the MSA and will not result in an increase to the Monthly or Annual Commitment.

**1.3** LN may use generative AI technology (“**GAI**”) within the features of the Preferred Services. While LN will use all reasonable endeavors to minimize hallucinations and errors within any GAI output, their absence cannot be guaranteed. As such, the Customer recognizes that it is responsible for checking the accuracy and validity of any GAI output.

#### **NX 1.4 – Uploads**

**1.4.1** The Preferred Services may include functionality allowing the Authorized User to upload documents into the Online Service (known as “**Uploads**”), which LN may then use alongside artificial intelligence (“**AI**”) and other technologies to collate and organize, create summaries, provide analysis and otherwise manipulate or provide functionality.

**1.4.2** Uploads will be encrypted, processed in a non-persistent state, secured in transit, and are purged automatically at the end of a user session or a period of inactivity, whichever occurs first. LN shall not use Uploads to LN to train any large language model(s).

**1.4.3** The volume of Uploads are not subject to a specific limit. However, they will be subject to a reasonable usage expectation. LN reserves the right, in its discretion (but acting reasonably and consistently), to notify the Customer if the number of Uploads is becoming excessive and place a reasonable limitation on the number of Uploads permitted.

**1.4.4** Uploads are personal to an Authorized User and cannot be shared between Authorized Users.

**1.4.5** The Customer recognizes that LN does not have any control over the Uploads and the Customer therefore accepts that it is responsible for ensuring it has the right to provide the Uploads to LN, and to allow LN to make the uses of the Uploads described above (including under applicable intellectual property law, terms and conditions of use, etc.). The Customer shall fully comply with all applicable laws, together with any terms and conditions relating to the Uploads and its source. Without limitation to the above, the Customer agrees that the Uploads will not include Restricted Content (as defined in the General Terms).

**1.4.6** Where AI technology is used to create derivative works from the Materials or the Uploads, then:

- (a) if from the Materials, such derivative works will be treated in the same way as the Materials; and/or
- (b) if from the Uploads, the Customer will ensure that they are used, stored, shared or otherwise treated in accordance with all applicable laws (including applicable terms and conditions).
