

FIRST ADDENDUM TO ELECTRONIC ACCESS LICENCE AGREEMENT

WHEREAS, the parties, The Royal Society of Chemistry located at [REDACTED] ("Publisher") of one part and The Regents of the University of California, a non-profit academic institution, with its principal offices at [REDACTED] ("Customer") of the other part have previously entered into an agreement originally dated 26th February 2018 (the "Agreement"), and wish to amend the Agreement as set forth in this addendum ("First Addendum").

This First Addendum is made with reference to the following facts and circumstances:

- A. The parties desire and agree to amend the Agreement as stated in this First Addendum.

Customer and Publisher agree as follows:

1. The parties agree to amend the Agreement by extending the Term of the Agreement to 31st December 2021.
2. The parties agree to amend the Agreement by adding the following definition to Clause 1:
"Historical Collection" means the publications specified in Section F of Schedule A;
3. The parties agree to amend the Agreement by replacing Schedule A in its entirety with the Schedule A, attached hereto.
4. The parties agree to amend the Agreement by replacing Schedule B in its entirety with the Schedule B, attached hereto.
5. The parties agree to amend the Agreement by replacing Schedule C in its entirety with the Schedule C, attached hereto.
6. The parties agree to amend the Agreement by replacing Schedule D in its entirety with the Schedule D, attached hereto.
7. The parties agree to amend Clause 7 Access to Publisher Content upon Expiry or Termination, and add the following:

7.7 Historical Collection

Upon termination under Clause 8.3 or 8.4, or termination by Customer under Clause 8.1, Publisher shall provide continuing External access to the Publisher Content to Customer as long as Customer shall continue to pay any applicable Yearly Maintenance Fee. Customer shall continue to have the rights granted in this Agreement with respect to the Publisher Content, provided Customer abides by Publisher's Terms and Conditions in force at the time. If, under these circumstances, Customer does not pay any applicable Yearly Maintenance Fee and the Agreement is terminated under Clause 8.4, Customer may choose to implement the Publisher Content via an Internal route. If Customer does not pay any applicable Yearly Maintenance Fee and the Customer chooses not to implement the Publisher Content via an Internal route, Publisher shall immediately remove Customer access to the Publisher Content.

7.7.1 Upon termination under Clause 8.3, or termination by Customer under Clause 8.1, Customer may retain and continue to use the Publisher Content accessed by an Internal route if it has so implemented it. Customer shall continue to have the rights granted in this Agreement with respect to the Publisher Content, provided Customer abides by Publisher's Terms and Conditions in force at the time.

7.7.2 Upon termination of this Agreement by Publisher under Clause 8.1 or 8.2, Publisher shall immediately remove Customer access to the Publisher Content.

8. The parties agree to amend Clause 24 Open Access as follows:

24. Open Access Option

In the event that Publisher offers an open access option to its authors, Publisher agrees to annually review the number of open access articles published in the Publisher Content under the open access option. For all Publisher Content in which such articles are published, Publisher will share with Customer the following information:

- the number of articles published under the open access option by Customer's authors, listed by journal title and campus,
- the number of articles published under the open access option by all authors, listed by journal title.

If the ratio of the number of open access articles to articles published under the traditional subscription model increases in comparison to the previous year, Publisher will reflect such increase by way of a proportional reduction in the subscription price for the current subscription year.

Publisher will enter into good faith discussions with Customer concerning open access business models. Publisher agrees to phase in an open access business model during the term of the licence once agreement on parameters of such a model is reached and infrastructure allows for implementation.

9. For the avoidance of doubt, all other provisions of the Agreement shall remain in full force and effect. If there is any conflict between the provisions of this Addendum and the provisions of the Agreement, the provisions of this Addendum shall control.

IN WITNESS WHEREOF, the parties have executed this Addendum by their respective, duly authorised representatives as of the date first written below.

The eBook collections in years 2018-2020 include a minimum of 65 titles per year and in years 2021-2023 a minimum of 70 titles per year will be published.

CDL reserves the right to monitor eBook output on an annual basis and re-negotiate pricing if the minimum number of titles is not met, the quality of the content changes, eBooks become open access, the RSC platform or search interface deteriorates, RSC is acquired by a commercial publisher or ceases to publish independently as a society publisher, or eBooks are integrated with collections that CDL has already purchased (for example, RSC journals and books are sold through a database model).

Publisher makes available to Customer MARC records free of charge for the eBook Collection. Details of how these can be obtained are available on Publisher's website at <http://rsc.li/marc>.

⁵ University of California, San Francisco (UCSF) has not purchased eBook Collection 2013-2023 and therefore does not get access to this content.

Section F

Historical Collection Part 1 – Society Publications & Society Minutes

Part 1 consists of the electronic version of the following:

- Chemistry in Britain (1965-2003)
- Education in Chemistry (1964-2006)
- Lectures, Monographs & Reports (1949-1967)
- Monographs for Teachers (1962-1993)
- Lists of Fellows (1843-1953)
- Royal Institute of Chemistry Council Minutes (1876-1966)
- Chemical Society & Royal Society of Chemistry Council Minutes (1841-1966)
- Royal Institute of Chemistry Committee Minutes (1877-1966)
- Royal Institute of Chemistry Annual Reports (1960-1980)
- Chemical Society & Royal Society of Chemistry Annual Reports (1963-2012)

Historical Collection Part 2 – Historical Papers

Part 2 consists of the electronic version of the following:

- Nathan Collection
- Roscoe Collection
- Main Collection
- Sir Frederick Abel Papers
- Davy Bookcase
