**WHEREAS the Publisher holds the rights granted under this License**

**AND WHEREAS** the Licensee desires to use the rights and the Publisher desires to grant to the Licensee the license to use the rights for the Fee

### IT IS AGREED AS FOLLOWS

#### 1. Key definitions

In the License, the following terms shall have the following meanings:

##### 1.1 **Authorised users**

Current faculty and members of the staff of the Licensee (whether on a permanent, temporary, contract or visiting basis) and individuals who are currently studying at the Licensee's institution, who are permitted to access the Secure Network from within the premises of the Licensee and from such other places where Authorised Users work or study, including without limitation halls of residence and lodgings and homes of Authorised Users, and who have been issued by the Licensee with a password or other authentication.

##### 1.2 **Commercial Use**

Use for the purposes of monetary reward (whether by or for the Licensee or an Authorised User) by means of the sale, resale, loan, transfer, hire or other form of exploitation of the Licensed Materials. For the avoidance of doubt, neither recovery of direct costs by the Licensee from Authorised Users, nor use by the Licensee or by an Authorised User of the Licensed Material in the course of research funded by a commercial organisation, is deemed to constitute Commercial Use.

### **1.3 Fee**

The fee agreed by the Licensee and the Publisher for access to the Licensed Material.

### **1.4 Library Premises**

The physical premises of the Library or Libraries operated by the Licensee, as specified in Schedule 1. (For University of California Authorized Users, access is provided regardless of the physical location of such Users.)

### **1.5 Licensed Material**

The online journals of the Publisher to which the Licensee has a fully paid current subscription or to which the Licensee has access by virtue of Licensee's perpetual rights.

### **1.6 Secure Network**

A network (whether a standalone network or a virtual network within the Internet) which is only accessible to Authorised Users and Walk-in Users approved by the Licensee whose identity is authenticated at the time of login and periodically thereafter consistent with current best practice, and whose conduct is subject to regulation by the Licensee.

### **1.7 Subscription Period**

That period nominally covered by the volumes and issues of the Licensed Material, regardless of the actual date of publication.

### **1.8 Walk-in Users**

Persons not affiliated with Licensee who are not Authorised Users but who are physically present at Licensee's site, or registered users of the Licensee's library or information service and who are permitted to access the Secure Network from computer terminals within the Library Premises, as designated in Schedule 1. For the avoidance of doubt, the payment of a fee in order to be registered as a Walk-in User is deemed not to constitute Commercial Use under Clause 1.2 above.

## **2. Agreement**

2.1 The Publisher agrees to grant the Licensee the non-exclusive, worldwide, perpetual, and non-transferable right to give Authorised and Walk-in Users access to the Licensed Material via a Secure Network for the purposes of research, teaching and private study, subject to the terms and conditions of this License.

### **2.2**

2.2.1 This License shall commence at the beginning of the Subscription Period, and remain in effect until the end of the Subscription Period, when the License shall automatically terminate unless the parties have previously agreed to renew it.

2.2.2 On termination of this License, the Publisher shall, if so requested within 30 days of termination, provide the Licensee with continuing access or assistance in obtaining continuing access for Authorised and Walk-in Users to that part of the Licensed Material which was published and paid for by the Licensee within the Subscription Period on the

Blackwell-Synergy platform or from a third party's server provided that the third party shall be responsible for any content conversion from the format in which the Publisher provides the material. The Licensee will be responsible for any access fee due to the third party and for any fees associated with content conversion or provide, upon request, those Licensed Materials to Licensee in a mutually agreed upon electronic medium. Licensee will cover the cost of preparation of archival copy, media, if any, and any applicable shipping. In this event, no subsequent annual access fees will be assessed for the Licensee to provide that content to its Authorized Users. Use of Licensed Materials in this instance will be governed by the terms of this Agreement.

2.2.3 The Licensors will provide continued access for materials licensed under our previous agreements with Blackwell Science Ltd (dated February 29, 2000) and Blackwell Publishers Ltd. (dated July 1, 2001), subject to terms of use in those licenses, as part of the perpetual rights granted under those agreements.

5.5.1 Use all reasonable endeavours to ensure that all Authorised and Walk-in Users are appropriately notified of the importance of respecting the intellectual property rights in the Licensed Material and of the sanctions which the Licensee imposes for failing to do so, as specified in Schedule 2

5.5.2 Use all reasonable endeavours to ensure that Authorised and Walk-in Users are made aware of and undertake to abide by the terms and conditions of this License; use all reasonable endeavours to monitor compliance and immediately on becoming aware of any unauthorised use or other breach, inform the Publisher and take all reasonable steps, including appropriate disciplinary action, both to ensure that such activity ceases and to prevent any recurrence

5.5.4 Keep full and up-to-date records of all Authorised Users and their access details, and if appropriate provide the Publisher with periodic lists of additions, deletions or other alterations to such records as agreed between the parties from time to time

5.5.5 Allow Walk-in Users access to the Licensed Materials only from computer terminals within the Library Premises, as designated in Schedule 1

5.5.6 Use all reasonable endeavours to ensure that only Authorised and Walk-in Users are permitted access to the Licensed Material and if appropriate notify the Publisher within a reasonable period of any person ceasing to be an Authorised User

5.6 Nothing in this License shall make the Licensee liable for breach of the terms of the License by any Authorised or Walk-in User provided that the Licensee did not cause, knowingly assist or condone the continuation of such breach after becoming aware of an actual breach having occurred.

5.7 The Licensee shall, in consideration for the rights granted under this License, pay the Fee in accordance with clause 2.1 within 30 days of receipt of invoice, and, if applicable, within 30 days of each subsequent renewal. For the avoidance of doubt, the Fee shall be exclusive of any sales, use, value added or similar taxes and the Licensee shall be liable for any such taxes in addition to the Fee.

5.8 To expedite fee receipt and payment Publisher will send invoice to Licensee by means of rapid delivery, such as facsimile transmission or email attachment.

5.9 Each party shall use its best endeavours to safeguard the intellectual property, confidential information and proprietary rights of the other party.

## 6. Termination

6.1 In addition to the automatic termination (unless renewed) under Clause 2, this License is terminated if either party gives written notice to the other in the following circumstances:

6.1.1 The Licensee defaults in making payment of the Fee in accordance with clause 2.1 and fails to remedy such default within thirty days of notification in writing by the Publisher

6.1.2 Either party commits a material or persistent breach of any term of this License and fails to remedy the breach (if capable of remedy) within thirty days of notification in writing by the other party

6.1.3 Either party becomes insolvent or becomes subject to receivership, liquidation or similar external administration

6.2 On termination all rights and obligations of the parties automatically terminate except for:

6.2.1 Those specified in 3.4 and 5.8 above

6.2.2 All obligations in respect of Licensed Material to which access continues to be permitted

6.3 On termination of this License for cause, as specified in sub-Clauses 6.1.1 to 6.1.3 above, the Licensee shall immediately cease to distribute or make available the Licensed Material to Authorised and Walk-in Users.

6.4 On termination of this License by the Licensee for cause, as specified in sub-Clauses 6.1.2 and 6.1.3 above, the Publisher shall forthwith repay a rateable proportion of the Fee as represents the paid but unexpired part of the Subscription Period.

6.5 The Licensee reasonably believes that funds can be obtained sufficient to pay all monies due during the term of this Agreement and hereby covenants that it will do all things lawfully within its power to obtain, maintain, and properly request and pursue funds from which payments for this transaction may be made, including making provisions for such payments to the extent necessary in each budget submitted for the purpose of obtaining funding, using its bona fide best efforts to have such portion of the budget approved and exhausting all available administrative review and appeals in the event such portion of the budget is not approved. It is the Licensee's intent to make payments for the full term of this transaction. The Licensee represents that the use of the materials under this transaction are essential to its proper, efficient and economic operation.

In the event no funds or insufficient funds are appropriated and budgeted and are not otherwise legally available by any means whatsoever in any fiscal period for payments due under this transaction, the Licensee will immediately notify Publisher of such occurrence and this transaction shall terminate on the last day of the subscription period for which payment has been made without penalty of expense to the Licensee of any kind whatsoever, except as to the portions of payments herein agreed for which funds shall have been appropriated and budgeted or otherwise available. In the event of such termination the Licensee shall maintain its perpetual right to materials licensed under the subscription periods for which it has fully paid.

## 7. General

7.1 Alterations to this License and to the Schedules to this License (which may be altered separately from the body of this License without affecting the validity of the License as a whole) are only valid if they are recorded in writing and signed by both parties.

7.2 Any notices to be served on either of the parties by the other shall be sent by prepaid recorded delivery or registered post to the address of the addressee as set out in this License or to such other address as notified by either party to the other as its address for the service of notices and all such notices shall be deemed to have been received within 14 days of posting.

7.3 Either party's failure to perform any term or condition of this Agreement, as result of circumstances beyond its control (including, without limitation, war, strikes, floods, governmental restrictions, power, telecommunications or Internet failures or damage to or destruction of any network facilities) shall not be deemed to be, or to give rise to, a breach of this Agreement.

7.4 This Agreement shall be varied, whether in whole or in part, only by the agreement of both parties in writing.

7.5 The invalidity or unenforceability of any provision of this Agreement shall not affect the continuation in force of the remainder of this Agreement.

7.6 If any clause or clauses of this Agreement would result in this Agreement being prohibited pursuant to Article 81 of the Treaty of Rome, then it or they will be deemed to be omitted. The parties will uphold the remainder of this Agreement and will negotiate an amendment which, so far as legally feasible, maintains the relative economic positions of the parties.

7.7 The failure of either party to require performance by the other party of any provision of this Agreement will not affect its full right to require such performance at any subsequent time; nor will the waiver by either party of a breach of any provision of this Agreement be taken or held to be a waiver of the provision itself.

7.8 Publisher agrees that it will make best efforts to digitize all editorial content submitted to Publisher by content providers in order to deliver content representing as nearly as possible the complete print version.

## 8. Business Terms

8.1 **Term** This License Agreement shall be in effect for a period of three years, commencing on January 1, 2005. If business terms can be mutually agreed upon, the License Agreement will automatically renew for subsequent one year terms unless either party gives written notice of its intention not to renew thirty (30) days prior to the end of that subscription year.

8.2 **Annual Subscription Fee:** The Base Value of the Agreement for 2005, absent any adjustments for Lost Journals and Takeover or New Journals will be: [REDACTED] To enable Cross Access to all UC-subscribed titles for all campuses a percentage Cross Access ("top up") Fee of [REDACTED] of the Agreement is added. Total Annual Subscription Fee for 2005 is [REDACTED] (absent any adjustments described above).

8.3 **Cap on Annual Subscription Fee:** Should average price increases on Licensed titles exceed [REDACTED] there will be a [REDACTED] cap on CDL's Fee for the next two renewal periods: 2006 and 2007. [REDACTED] a maximum, not a minimum. If the average price increase is lower than [REDACTED] the lower figure will apply.

8.4 Licensee will pay a single invoice for the Annual Subscription Fee (i.e., the Base Value of the Agreement plus the Cross Access Fee of [REDACTED] absent any title losses/additions for 2005 [REDACTED]. In 2005 this invoice will be reduced by the total 2005 payments by campus libraries for print and/or electronic Licensed Titles that are identified by the campuses until November 19<sup>th</sup> 2004. For 2005, with the exception of the campuses Los Angeles and Riverside, all reported 2005 renewals that are covered on the identified base spend will be credited [REDACTED]. For Los Angeles and Riverside the credit value will be done at [REDACTED].

Print will be delivered as ordered by all campuses with the exception of San Diego. San Diego print orders will be suppressed and only a short list will be reinstated by the 31<sup>st</sup> of January 2005.

8.5 There are no restrictions on canceling print or other format subscriptions of the Licensed Titles by campuses. Print subscriptions of Licensed Titles are optionally available to UC campus libraries for a surcharge [REDACTED] S. subscription list price [REDACTED], beginning in 2006. Blackwell will transmit this deeply discounted print rate (DDP) rate to Serials Agents (Ebsco, Harrassowitz, Swets), along with a list of Licensed Titles to which it applies, no later than October 1 of each year.

8.6 The best available early payment terms, if any, will be extended to Licensee each year of the license.

8.7 The cost to add new electronic titles to the Base Value of the Agreement in the subsequent year for takeover journals coming from other publishers to Publisher after November 15<sup>th</sup> of the previous year (where Licensee holds current print subscriptions) will be the e-only value of these subscriptions (in the year of addition) plus the [REDACTED] Access fee. Blackwell will add new titles only upon written authorization by the Licensee. Complimentary access shall be provided, only upon request or agreement by Licensor, to takeover journals that come into Publisher mid-year since campuses will already have paid for subscriptions.

8.8 New journals (launched by Blackwell Publishing after 1<sup>st</sup> July of each year) or unsubscribed journals (i.e., titles to which UC does not hold any current print subscriptions) can be added to the Licensed Titles at a cost of [REDACTED] (in the year of addition) plus the [REDACTED] Fee. Publisher will add new titles only upon written authorization by Licensee.

8.9 Titles lost to Publisher or ceased shall be compensated according to the same formulas as above. Titles subscribed in 2004 will be compensated as the e-only capped price multiplied by the number of UC subscriptions. Lost and ceased titles from the subscribed 2004 list have already been taken in consideration when the 2005 base spend was calculated. Titles either new or not subscribed that are subsequently added to the contract shall be compensated as the [REDACTED]. Licensee will continue to have full online access to the archive of lost journals for purchased years only, where available, on Synergy.

8.10 Publisher will notify Licensee of titles lost/gained for the following year by November 15 of the previous year. Licensee may substitute titles with journal titles of comparable value (in current year list price) no more than once annually by giving Publisher notice by January 31 of each year. That is, total dollar list price value of substituted titles will be comparable to total dollar list price value of replaced titles. Licensee will be able to exchange no more than [REDACTED] the total list price value of titles in its Licensed Title list.

8.11 Access to Backfiles. Licensee will continue to have full online access to the material licensed in previous years for the years the purchase was related to.

8.12 Annual title adjustment. Licensee will notify Publisher of new or takeover journals to be added and titles to be substituted by January 31 of each year.

8.13 Future updates. The Subscription Fee includes all instances of changes or updates to the content provided for the years licensed.

8.14 Legacy Archive. The Publisher identifies Legacy Archive as all information published prior to 1997 and it reserves the right to provide access to Legacy Archive upon request during the term of this Agreement, for an additional mutually agreed fee.

## Schedule 2 - Licensee's copyright enforcement policy

List of all documents evidencing the policy, with attached copies (attach additional sheets if required).

Copyright and intellectual property issues are of special importance to the University of California. UC feels that it is vital that the University of California faculty, students, and staff understand and responsibly exercise the rights accorded them under the copyright law, particularly now in light of new technologies and laws that challenge long-standing educational and library exemptions and interpretations.

In response to those needs, UC has created a special website devoted to educating the larger UC academic community about copyright. It is a direct outgrowth of the **University Standing Committee on Copyright's** continuing commitment to improve the quality of copyright information and guidance available to the UC community. **The website is at: <http://www.universityofcalifornia.edu/copyright/>**

On this website the University of California systemwide policies and guidelines are presented, as well as copyright policy statements compiled by the individual campuses.
