

# **LICENSE AGREEMENT**

## **TAYLOR & FRANCIS GROUP AND THE REGENTS OF THE UNIVERSITY OF CALIFORNIA**

This License Agreement (this "Agreement") is made effective as of January 1, 2016 (the "Effective Date") between Taylor & Francis Group ("Licensor") and The Regents of the University of California, a non-profit academic institution, with its principal offices at The California Digital Library, University of California Office of the President, 415 20<sup>th</sup> Street, 4<sup>th</sup> floor, Oakland, CA 94612, USA ("Licensee").

In consideration of the mutual promises contained herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

### **I. CONTENT OF LICENSED MATERIALS; GRANT OF LICENSE**

The materials that are the subject of this Agreement shall consist of electronic materials listed in Appendix A and D (hereinafter referred to as the "Licensed Materials").

The Licensed Materials include:

- The complete collection of Licensor's journals, including both subscribed and unsubscribed journals, as listed in Appendix A and D, for the years 2016-2018. This includes journals published under the Taylor & Francis and Routledge imprints as well as other journals available on or committed to Licensor's platform as of January 2016. Licensor and Licensee agree to discuss any exclusions that might arise due to publisher restrictions and make revisions to Appendix A and D, upon mutual written agreement. For any exclusions, Licensee shall be entitled to a credit or a refund of any fees or pro-rata portion thereof paid by Licensee for any remaining period of the Agreement from the date of such exclusion.
- Future Updates. The subscription price includes all instances of changes or updates to the Licensed Materials content provided for the years licensed. For the avoidance of doubt, this excludes any new transfers or acquisitions after the Agreement has expired (where backfile access for the years licensed is not included).

Nothing in this Agreement shall be interpreted to transfer ownership of any copyright, trademarks or service marks from the Licensor or its suppliers to the Licensee or Authorized Users.

Licensor hereby grants to Licensee a non-exclusive, non-transferable, worldwide, systemwide perpetual right to the Licensed Materials as described in Appendix A and to provide the Licensed Materials to Authorized Users in accordance with this Agreement. For the avoidance of doubt,

perpetual rights exist to subscribed titles only for each year that the subscription fee has been paid unless the option to purchase unsubscribed content as described in Appendix A 9.1.2 or the option to purchase perpetual right for unsubscribed titles as described in Appendix A 5.3 is exercised.

## **II. DELIVERY/ACCESS OF LICENSED MATERIALS TO LICENSEE**

Licensor will provide the Licensed Materials to the Licensee in the following manner:

**Network Access.** The Licensed Materials will be stored at one or more Licensor locations in digital form accessible by telecommunications links between such locations and authorized locations of Licensee. Licensor will provide to Licensee the stable URLs for the Licensed Materials.

## **III. FEES**

Licensee shall make payment to Licensor for use of the Licensed Materials as described in Appendix A. Business Terms.

All fees are due and payable by Licensee sixty (60) days after the date of invoice from Licensor that is submitted no earlier than sixty (60) days before commencement of current subscription year.

## **IV. AUTHORIZED USE OF LICENSED MATERIALS**

**Authorized Users.** "Authorized Users" are:

**Walk-ins.** Patrons not affiliated with Licensee who are physically present at Licensee's site(s) ("walk-ins").

**Access by and Authentication of Authorized Users.** Licensee and its Authorized Users shall be granted access to the Licensed Materials pursuant to the following:

**IP Addresses.** Initially Authorized Users shall be identified and authenticated by the use of Internet Protocol ("IP") addresses provided by Licensee to Licensor. The use of proxy servers is permitted as long as any proxy server IP addresses provided limit remote or off-campus access to Authorized Users. Authorized IP Addresses are listed in Appendix C. An updated list will be sent to Licensor on a quarterly basis.

**Licensor-Administered Authentication.** Where licensor provides alternative methods of access and authentication beyond the Licensee-administered methods described herein, e.g. mobile authentication, Licensee will not be responsible nor liable for claims of breach or validity of such use.

**Authorized Uses.** Licensee and Authorized Users may make all use of the Licensed Materials as is consistent with the Fair Use Provisions of United States and international copyright laws. In addition, the Licensed Materials may be used for purposes of research, education or other non-commercial use as follows:

**Print Copy.** Licensee and Authorized Users may print a reasonable portion of the Licensed Materials.

**Recover Copying Costs.** Licensee may charge a reasonable fee to cover costs of copying or printing portions of Licensed Materials for Authorized Users.

**Archival/Backup Copy.** Upon request of Licensee, Licensee may receive from Licensor and/or create one (1) copy of the entire set of Licensed Materials to be maintained as a backup or archival copy during the term of this Agreement, or as required to exercise Licensee's rights under section XII, 'Perpetual License', of this Agreement. Licensee may engage the services of third-party trusted archives to fulfill the requirements of this provision. Licensor agrees to cooperate with such archiving entities and/or initiatives as reasonably necessary to make the Licensed Materials available for archiving purposes.

**Caching.** Licensee and Authorized Users may make local digital copies of the Licensed Materials in order to ensure efficient use by Authorized Users by appropriate browser or other software.

Licensee upon request to assist the Licensee in creating links directly from UC's library catalogs and licensed resources to the content at the journal, issue and article levels.

Scholarly Sharing. Authorized Users may transmit to a third party in hard copy or electronically, minimal, insubstantial amounts of the Licensed Materials for personal use or scholarly, educational, or scientific research or professional use but in no case for resale or commercial purposes.

Text and Data Mining. Authorized Users may use the Licensed Materials to perform and engage in text and/or data mining activities for academic research, scholarship, and other educational purposes and may utilize and share the results of text and/or data mining in their scholarly work and make the results available for use by others, so long as the purpose is not to create a product for use by third parties that would substitute for the Licensed Materials. Licensor will, upon receipt of written request, cooperate with Licensee and Authorized Users as reasonably necessary in making the Licensed Materials available in a manner and form most useful to the Authorized User. If Licensee or Authorized Users request the Licensor to deliver or otherwise prepare copies of the Licensed Materials for text and data mining purposes, any fees charged by Licensor shall be solely for preparing and delivering such copies on a time and materials basis.

Interlibrary Loan. Using electronic, paper, or intermediated means, Licensee at its discretion may fulfill occasional requests from other institutions, a practice commonly called Interlibrary Loan. Licensee agrees to fulfill such requests in compliance with Section 108 of the United States Copyright Law (17 USC §108, "Limitations on exclusive rights: Reproduction by libraries and archives") and the Guidelines for the Proviso of Subsection 108(2g)(2) prepared by the National Commission on New Technological Uses of Copyrighted Works.

## **VI. MUTUAL PERFORMANCE OBLIGATIONS**

**Confidentiality of User Data.** Licensor and Licensee agree to maintain the confidentiality of Authorized Users relating to the usage of the Licensed Materials. Such data may be used solely for purposes directly related to the Licensed Materials and may only be provided to third parties in aggregate form. Raw usage data relating to the identity of specific users and/or uses shall not be provided to any third party.

The 2% down-time includes periodic unavailability due to maintenance of the server(s), the installation or testing of software, the loading of additional Licensed Materials as they become available, and downtime related to the failure of equipment or services outside the control of Licensor, including but not limited to public or private telecommunications services or internet nodes or facilities. Scheduled down-time will be performed at a time to minimize inconvenience to Licensee and its Authorized Users.

If the Licensed Materials fail to operate in conformance with the terms of this Agreement, Licensee shall immediately notify Licensor, and Licensor shall promptly use reasonable efforts to restore access to the Licensed Materials as soon as possible. In the event that Licensor fails to repair the nonconformity in a reasonable time, Licensor shall reimburse Licensee in an amount that the nonconformity is proportional to the total Fees owed by Licensee under this Agreement.

Notification of Modifications of Licensed Materials. Licensee understands that from time to time the Licensed Materials may be added to, modified, or deleted from by Licensor and/or that portions of the Licensed Materials may migrate to other formats. Licensor shall use best efforts to give a ninety (90) day notice of any such changes to Licensee, particularly where a substantial amount of material was affected.

Completeness of Content. Licensor shall use reasonable efforts to ensure that the online content is at least equivalent to print versions of the Licensed Materials, represents complete, faithful and timely replications of the print versions of such Materials, and will cooperate with Licensee to identify and correct errors or omissions.

Continued Training. Licensor will provide regular system and project updates to Licensee as they become available. Licensor will provide additional training to Licensee staff made necessary by any updates or modifications to the Licensed Materials or any Licensor software.

Notice of Terms of "Click-Through" License Terms. In the event that Licensor requires Authorized Users to agree to terms relating to the use of the Licensed Materials before permitting Authorized Users to gain access to the Licensed Materials (commonly referred to as "click-through" licenses) or otherwise publishes online terms of use on its web site, Licensor shall provide Licensee with notice of and an opportunity to comment on such terms prior to their implementation. In no event shall the terms of such "click-through" licenses or posted terms materially differ from the provisions of this Agreement. In the event of any conflict between the terms of such "click-through" licenses and this Agreement, the terms of this Agreement shall prevail.

Usage Statistics. Licensor must provide both composite systemwide use data and itemized data for individual campuses and labs, on a monthly basis. Statistics shall meet or exceed the most recent Counting Online Usage of NeTworked Electronic Resources (COUNTER) Code of Practice Release ([http://www.projectcounter.org/code\\_practice.html](http://www.projectcounter.org/code_practice.html)), including but not limited to its provisions on customer confidentiality. When a release of a new COUNTER Codes of Practice is issued, Licensor shall comply with the implementation time frame specified by COUNTER to provide use statistics in the new standard format.

efforts to prevent the infringement of any Intellectual Property or other rights of the Licensor in the Licensed Materials. Licensee shall promptly notify Licensor of any infringement that comes to Licensee's attention, and take appropriate steps to avoid its recurrence.

Protection from Unauthorized Use. Licensee shall use reasonable efforts to restrict access to the Licensed Materials to Authorized Users.

## **IX. TERM**

This Agreement shall continue in effect for three years commencing on the Effective Date.

## **X. RENEWAL**

This Agreement shall be renewable at the end of the current term for a successive one-year term unless either party gives written notice of its intention not to renew sixty (60) days before expiration of the current term.

## **XI. EARLY TERMINATION**

In the event that either party believes that the other materially has breached any obligations under this Agreement, or if Licensor believes that Licensee has exceeded the scope of the License, such party shall so notify the breaching party in writing. The breaching party shall have sixty (60) days from the receipt of notice to cure the alleged breach and to notify the non-breaching party in writing that cure has been effected. If the breach is not cured within the sixty (60) day period, the non-breaching party shall have the right to terminate the Agreement without further notice.

Upon Termination of this Agreement for cause, online access to the Licensed Materials by Licensee and Authorized Users shall be terminated. Authorized copies of Licensed Materials may be retained by Licensee or Authorized Users and used subject to the terms of this Agreement.

In the event of early termination permitted by this Agreement, Licensee shall be entitled to a refund of any fees or pro-rata portion thereof paid by Licensee for any remaining period of the Agreement from the date of termination.

## **XII. PERPETUAL LICENSE**

Notwithstanding anything else in the Agreement, Licensor grants to Licensee a nonexclusive, royalty-free, perpetual systemwide license to use any Licensed Materials that were subscribed to or for which a perpetual license fee has been paid during the term of this Agreement. Such use shall be in accordance with the provisions of this Agreement, which provisions shall survive any termination of this Agreement. Licensor will provide continuing access to the Licensed Materials on the Taylor & Francis platform, or in a manner and form substantially equivalent to the means by which access is provided under this Agreement. Publisher shall deposit the Licensed Materials with Portico or a similar mutually agreed upon service to ensure that Licensee

perpetual access rights can be implemented should Licensor no longer make the Licensed Materials available from its platform.

### **XIII. WARRANTIES**

Subject to the Limitations set forth elsewhere in this Agreement:

Licensor warrants that it has the right to license the rights granted under this Agreement to use Licensed Materials, that it will not sell or lose it, that it has obtained any and all necessary permissions from third parties to license the Licensed Materials, and that use of the Licensed Materials by Authorized Users in accordance with the terms of this Agreement shall not infringe the copyright of any third party.

Licensor warrants that the physical medium, if any, on which the Licensed Materials is provided to Licensee will be free from defects for a period of ninety (90) days from delivery.

### **XIV. LIMITATIONS ON WARRANTIES**

Notwithstanding anything else in this Agreement:

Neither party shall be liable for any indirect, special, incidental, punitive or consequential damages, including but not limited to loss of data, business interruption, or loss of profits, arising out of the use of or the inability to use the Licensed Materials.

Licensor makes no representation or warranty, and expressly disclaims any liability with respect to the content of any Licensed Materials, including but not limited to errors or omissions contained therein, libel, infringement of rights of publicity, privacy, trademark rights, moral rights, or the disclosure of confidential information.

Except for the express warranties stated herein, the Licensed Materials are provided on an "as is" basis, and Licensor disclaims any and all other warranties, conditions, or representations (express, implied, oral or written), relating to the Licensed Materials or any part thereof, including, without limitation, any and all implied warranties of quality, performance, merchantability or fitness for a particular purpose. Licensor makes no warranties respecting any harm that may be caused by the transmission of a computer virus, worm, time bomb, logic bomb or other such computer program. Licensor further expressly disclaims any warranty or representation to Authorized Users, or to any third party.

### **XV. INDEMNITIES**

The Licensor shall indemnify and hold Licensee and Authorized Users harmless for any losses, claims, damages, awards, penalties, or injuries incurred, including reasonable attorney's fees, which arise from any claim by any third party of an alleged infringement of copyright or any other property right arising out of the use of the Licensed Materials by the Licensee or any Authorized User. NO LIMITATION OF LIABILITY SET FORTH ELSEWHERE IN THIS AGREEMENT IS APPLICABLE TO THIS INDEMNIFICATION.

Each party shall indemnify and hold the other harmless for any losses, claims, damages, awards, penalties, or injuries incurred, including reasonable attorney's fees, which arise from any alleged breach of such indemnifying party's representations and warranties made under this Agreement, provided that the indemnifying party is promptly notified of any such claims.

The indemnifying party shall have the right to defend such claims at its own expense. The other party shall provide assistance in investigating and defending such claims as the indemnifying party may reasonably request and have the right to participate in the defense at its own expense.

#### **XVI. ASSIGNMENT AND TRANSFER**

Neither party may assign, directly or indirectly, all or part of its rights or obligations under this Agreement without the prior written consent of the other party, which consent shall not be unreasonably withheld or delayed.

#### **XVII. GOVERNING LAW**

This Agreement shall be interpreted and construed according to, and governed by, the laws of California, excluding any such laws that might direct the application of the laws of another jurisdiction. The federal or state courts located in California shall have jurisdiction to hear any dispute under this Agreement.

#### **XVIII. DISPUTE RESOLUTION**

In the event any dispute or controversy arising out of or relating to this Agreement, the parties agree to exercise their best efforts to resolve the dispute as soon as possible. The parties shall, without delay, continue to perform their respective obligations under this Agreement which are not affected by the dispute.

**Mediation.** In the event that the parties cannot by exercise of their best efforts resolve the dispute, they shall submit the dispute to Mediation. The parties shall, without delay, continue to perform their respective obligations under this Agreement which are not affected by the dispute. The invoking party shall give to the other party written notice of its decision to do so, including a description of the issues subject to the dispute and a proposed resolution thereof. Designated representatives of both parties shall attempt to resolve the dispute within five (5) working days after such notice. If those designated representatives cannot resolve the dispute, the parties shall meet at a mutually agreeable location and describe the dispute and their respective proposals for resolution to responsible executives of the disputing parties, who shall act in good faith to resolve the dispute. If the dispute is not resolved within thirty (30) calendar days after such meeting, the dispute shall be submitted to binding arbitration in accordance with the Arbitration provision of this Agreement.

**Arbitration.** Any controversies or disputes arising out of or relating to this Agreement shall be resolved by binding arbitration in accordance with the then current Commercial Arbitration Rules of the American Arbitration Association. The parties shall endeavor to select a mutually acceptable arbitrator knowledgeable about issues relating to the subject matter of this Agreement. In the event the parties are unable to agree to such a selection, each party will select

an arbitrator and the arbitrators in turn shall select a third arbitrator. The arbitration shall take place at a location that is reasonably centrally located between the parties, or otherwise mutually agreed upon by the parties.

All documents, materials, and information in the possession of each party that are in any way relevant to the claim(s) or dispute(s) shall be made available to the other party for review and copying no later than sixty (60) days after the notice of arbitration is served.

The arbitrator(s) shall not have the authority, power, or right to alter, change, amend, modify, add, or subtract from any provision of this Agreement or to award punitive damages. The arbitrator shall have the power to issue mandatory orders and restraining orders in connection with the arbitration. The award rendered by the arbitrator shall be final and binding on the parties, and judgment may be entered thereon in any court having jurisdiction. The agreement to arbitration shall be specifically enforceable under prevailing arbitration law. During the continuance of any arbitration proceeding, the parties shall continue to perform their respective obligations under this Agreement.

#### **XIX. FORCE MAJEURE**

Neither party shall be liable in damages or have the right to terminate this Agreement for any delay or default in performing hereunder if such delay or default is caused by conditions beyond its control including, but not limited to Acts of God, Government restrictions (including the denial or cancellation of any export or other necessary license), wars, insurrections, strikes or other work stoppages, and/or any other cause beyond the reasonable control of the party whose performance is affected.

#### **XX. ENTIRE AGREEMENT**

#### **XXI. AMENDMENT**

No modification or claimed waiver of any provision of this Agreement shall be valid except by written amendment signed by authorized representatives of Licensor and Licensee.

#### **XXII. SEVERABILITY**

#### **XXV. NOTICE OF THE USE OF DIGITAL RIGHTS MANAGEMENT TECHNOLOGY**

In the event that Licensor utilizes any type of digital rights management technology to control the access or the usage of Licensed Product, Licensor agrees to notify Licensee of the name, contact information and any technical specifications for the digital rights management technology utilized, the name, contact information and any technical specifications for the digital rights management technology utilized.

#### **XXVI. NOTICE OF THE USE OF DIGITAL WATERMARKING TECHNOLOGY**

If Licensor utilizes any type of digital watermarking technology for any element of the Licensed Product, Licensor agrees that watermarks will not be visible to the human eye and will not degrade image quality. These watermarks shall not contain user-related information such as account number or IP address. If digital watermarking technology is used, Licensor agrees to notify Licensee, in advance, of the name, contact information, and any technical specifications for the technology used.

#### **XXVII. FUNDING CONTINGENCY**

The University of California reasonably believes that funds can be obtained sufficient to pay all

monies due during the term of this Agreement and hereby covenants that it will do all things lawfully within its power to obtain, maintain, and properly request and pursue funds from which payments for this transaction may be made, including making provisions for such payments to the extent necessary in each budget submitted for the purpose of obtaining funding, using its bona fide best efforts to have such portion of the budget approved and exhausting all available administrative review and appeals in the event such portion of the budget is not approved. It is the University of California's intent to make payments for the full term of this transaction. The University of California represents that the use of the materials under this transaction are essential to its proper, efficient and economic operation.

In the event no funds or insufficient funds are appropriated and budgeted and are not otherwise legally available by any means whatsoever in any fiscal period for payments due under this transaction, the University of California will immediately notify Licensor of such occurrence and this transaction shall terminate on the last day of the subscription period for which payment has been made without penalty of expense to the University of California of any kind whatsoever, except as to the portions of payments herein agreed for which funds shall have been appropriated and budgeted or otherwise available. In the event of such termination the University of California shall maintain its perpetual right to materials licensed under the subscription periods for which it has fully paid.

#### **XXVIII. OPEN ACCESS**

In the event that Licensor offers an open access option to its authors, Licensor agrees to:

- Annually review the number of open access articles published in the Licensed Materials under the open access option. For each product in which such articles are published, Licensor will share with Licensee the following information:
  - the number of articles published under the open access option by University of California authors, listed journal title and by campus
  - the number of articles published under the open access option by all authors, listed by journal title.
- Review the subscription prices of each journal with respect to the uptake of the open access option and enter into good faith discussions with Licensee concerning mechanisms by which open access publication fees can offset the subscription fees paid by Licensee and other subscribers of the Licensed Materials, with a goal of reducing subscription fees in proportion to the revenue received through such publication fees.

#### **XXIX. AUTHOR RIGHTS TO USE THEIR OWN WORK**

Notwithstanding any terms or conditions to the contrary in any author agreement between authors and Licensor, authors who are Authorized Users of Licensee ("Authors") whose work ("Content") is accepted for publication by Licensor during the Term shall retain the non-exclusive, irrevocable, worldwide, royalty-free right to use their Content for scholarly and educational purposes, including self-archiving or depositing the Content in institutional, subject-based, national or other open repositories or archives (including the author's own web pages or departmental servers), and to comply with all grant or institutional requirements associated with

the Content. For the avoidance of doubt, these rights refer to the Author's final version (not Publisher's Version of Record) which shall not be subject to an embargo period when deposited in eScholarship, UC's open access repository.

For the avoidance of doubt, it is the intent of the parties to this License Agreement that Licensee's Authors are third party beneficiaries of this provision of the Agreement. Nothing in this section shall eliminate or limit any other rights that Licensee or any Author may have to deposit, host or make available Content published by Licensors.

**Definitions:**

**Author:** An author of a work published by Licensors who is an Authorized User of the Licensed Materials.

**Content:** The author's accepted manuscript version (after peer review and including revisions from the peer review process but before copy-editing and final publication) of any work by an Author that is accepted for publication by Licensors.

**Scholarly and educational purposes:** Purposes encompassing teaching, research, and institutional needs, including but not limited to the right to (a) use, reproduce, distribute, perform, and display the Content in connection with teaching, conference presentations, and lectures; (b) make full use of the Content in future research and publications; (c) republish, update or revise the Content in whole or in part for later publication; (d) meet requirements and conditions of research grants or publishing subventions provided by government agencies or non-profit foundations, and; (e) grant to the Author's employing institution some or all of the foregoing rights, as well as permission to use the Content in connection with administrative activities such as accreditation, mandated reports to state or federal governments, and similar purposes. In all cases, the Author and/or the Author's employing institution will be expected to provide proper citation to the published version.

**Repositories or archives:** Open-access digital repository services such as those provided by the Author's employing institution, an academic consortium, a discipline-based entity, or a governmental funding agency.

**XXX. EXECUTION**

The parties agree that scanned and/or electronically signed versions of this originally executed Agreement are acceptable in lieu of printed signed copies and are to be given full force and effect under law.

**IN WITNESS WHEREOF**, the parties have executed this Agreement by their respective, duly authorized representatives as of the date first above written.
