APPENDIX B (a) – LICENSED ELECTRONIC JOURNALS - CDL COLLECTION
Licensee: California Digital Library (CDL)

The CDL Collection is defined herein as the complete collection of Wiley journals for which the Licensee has paid the license fees to obtain online access. The CDL Collection is further defined as containing Core titles to which the Licensee subscribes and has paid online only subscription fees, and Non-Core titles, online editions of all unsubscribed Wiley journals (journals not included in CDL's Core Titles).

A. Archiving Rights

1. **Archival Access:** During the term of this License, Wiley will provide the Licensee with access to all current content published during the License term in the journals in the CDL Collection and retrospective content, generally back to 1997, depending on the start date of online publishing by Wiley, including but not limited to, tables of content, abstracts, full text and illustrations and any additional electronic journal content not included in the print versions of the journals, but not materials included in Backfiles unless a separate Backfile license fee has been paid.
2. **Perpetual Access:** Upon termination of this License, Wiley will provide the Licensee with perpetual access to all current content published during the License term in the journals in the CDL Collection and retrospective content, generally back to 1997, depending on the start date of online publishing by Wiley, including but not limited to, tables of content, abstracts, full text and illustrations and any additional electronic journal content not included in the print versions of the journals, where Wiley has the rights to deliver this, but not materials included in Backfiles unless a separate Backfile license fee has been paid. Wiley, in its discretion, will either continue online access to the same material on Wiley's server or provide continuing online access on another third-party platform. In addition, Wiley will supply to Licensee on request an archival copy in a mutually agreed-upon electronic medium, at a reasonable cost-based fee that is acceptable to both parties. Should Wiley cease to provide online access on its own server or a third-party platform, no fees shall be charged to Licensee for the provision of archival copies.

Licensee understands that Wiley publishes some journals on behalf of third parties and that its ability to fulfill the foregoing Perpetual Access terms for those journals is subject to third party agreements. Wiley will use all reasonable efforts to obtain the rights necessary to fulfill the foregoing Perpetual Access terms for any journals published on behalf of third parties, and where possible, will negotiate with the successor publisher of individual titles for the rights to maintain and provide access to the issues which were initially published by Wiley.

By providing such access Wiley grants to the Licensee a nonexclusive, perpetual, royalty-free, license to use such material in accordance with the terms and conditions of use specified in Paragraph C of the Agreement, which terms and conditions shall survive any termination of the Agreement.

Wiley has designated Portico as a post-cancellation access provider of the CDL Collection. If the CDL Collection or any portion thereof is no longer available via Wiley Online Library, the Licensee may access the material via Portico.

5. **Ceased or Sold Titles:**

Wiley may, from time to time, cease publication of individual journals in which case the journal(s) will be removed from the CDL Collection, and the fees associated with the journal(s) will be deducted from the CDL Collection Fee.
