A. FEES & PAYMENT

2 FEES

2.1 In consideration of the mutual promises and other valuable consideration set forth in this Agreement, the Licensee shall pay the Publisher the Read & Publish Fees in accordance with this Clause 2.

2.2 In respect of the Online Services, once Publisher makes the Online Services available to the Licensee it constitutes performance of Publisher's services and an invoice for the Read & Publish Fees shall be issued to the Licensee and save as provided in Clause 19, Licensee will have no right to cancel the order once Publisher has so made the Online Services available.

2.3 Invoices shall be paid to the Publisher on the payment terms as set forth in Schedule 4. Any late payment of invoices shall be subject to Clause 10.2.

B. LICENSED MATERIALS

3 LICENSE AND PROPRIETARY RIGHTS

3.1 In consideration of the Licensee's payment of the Read & Publish Fees, the Publisher agrees to grant to the Licensee the non-exclusive and non-transferable right and license, subject always to the terms and conditions of this Agreement, to access and give Authorized Users access to the Licensed Materials through the Online Services.

3.2 The Licensee undertakes to comply with this Agreement (including without limitation the permitted use and restrictions applicable to the license type) and to use all reasonable efforts to ensure that Authorized Users do likewise and that only Authorized Users are permitted to access the Licensed Materials.

3.3 The Licensed Materials are protected by international copyright laws, database rights and other Intellectual Property Rights. Publisher, its affiliates or licensors are the owners of these rights. All product and company names and logos contained within the Licensed Materials are the trademarks, service marks or trading names of their respective owners, including Publisher. All of the Publisher's rights which are not specifically granted to the Licensee by this Agreement are reserved to the Publisher and/or its licensors.

3.4 Except as otherwise expressly provided in this Agreement or in compliance with U.S. copyright law, Licensee may not print, copy, re-use, reproduce, modify, sell, distribute, transfer or commercially exploit the Licensed Materials in whole or in part.

3.5 The Licensee, subject to Clause 6 below, may:

3.5.1 make such back-up copies of the Licensed Materials as are reasonably necessary;

3.5.2 make such temporary local electronic copies of all or part of the Licensed Materials as are necessary solely to ensure efficient use by Authorized Users, provided, however, that Licensee may not make available to Authorized Users multiple duplicate copies of the Licensed Materials;

- 3.5.3 allow Authorized Users to have access to the Licensed Materials from the Server via the Secure Network; and
- 3.5.4 display, download or print the Licensed Materials for the purpose of educational use, internal marketing or testing or for training Authorized Users or groups of Authorized Users.

3.6 Authorized Users may, for educational purposes only, subject to Clause 6 below:

- 3.6.1 search, view, retrieve and display the Licensed Materials;
- 3.6.2 electronically save individual articles or items of the Licensed Materials for personal use of an educational or research nature;
- 3.6.3 print off a copy of parts of the Licensed Materials; and
- 3.6.4 use the Licensed Materials to perform and engage in text mining/data mining activities for academic research and other non-Commercial Use, and mount, load and integrate the results on a Secure Network and use the results in accordance with this Agreement, provided that the Publisher is notified in writing in advance of the project to ensure that the Publisher can provide appropriate technical assistance and maintain a log of projects. The terms and conditions applicable to text mining/data mining of the Licensed Materials are provided in the Text and Data Mining section of the terms of the Online Services as available on Publisher's website at <https://www.tandfonline.com/terms-and-conditions#link2>, as updated from time to time.

3.7 Nothing in this Agreement shall in any way exclude, modify, diminish or affect any of the Licensee's rights under the U.S. Copyright Act of 1976 as amended (17 U.S.C. §101, *et seq.*) or any statutory instruments made thereunder or any amending legislation.

4 SUPPLY OF COPIES TO OTHER LIBRARIES

- 4.1 The Licensee may, subject to Clause 6 below and the remainder of this Clause 4, fulfil occasional requests from other institutions, a practice called Interlibrary Loan. Licensee agrees to fulfil such requests via secure transmission and in compliance with Section 108 of the U.S. Copyright Act (17 U.S.C. §108, "Limitations on exclusive rights: Reproduction by libraries and archives").
- 4.2 Authorized Users may fulfil such Interlibrary Loan requests by transmitting to a third-party colleague in hard copy or electronically, minimal, insubstantial amounts of the Licensed Materials, but solely (a) for personal use or scholarly, educational, or scientific research or professional use, (b) in no case for re-sale, and (c) in all cases subject to Clause 6 below.

5 COURSE PACKS, ELECTRONIC RESERVE AND MOOCs

- 5.1 Links to the Licensed Materials may be incorporated in print and electronic Course Packs and Electronic Reserve collections, or other educational materials included in the Licensee's learning management system.
- 5.2 In addition and without limiting Clause 5.1, the Licensee may use a reasonable amount of articles from the Licensed Materials in the preparation of any Course Pack used in the course of instruction at Licensee's institution and for use by Authorized Users, but not for commercial use.
- 5.3 Use of the Licensed Materials in commercially run courses is specifically prohibited. Commercially run courses are those where the institution is providing a service to corporate, government or commercial organisations for a fee, conducted outside and separately from their normal undergraduate and postgraduate academic activity.
- 5.4 No content may be made available in a MOOC without a separate license obtained in advance from the Publisher.
- 5.5 Where an article which forms part of the Licensed Materials is published on an Open Access Basis (as defined in Clause 12) under a Creative Commons License, the Licensee may incorporate that article into Course Packs and/or Electronic Reserve collections without the prior consent of the Publisher, provided and to the extent that in doing so, they do not contravene any term or condition of the applicable Creative Commons License.

6 PROHIBITED USES

- 6.1 Subject to Clause 3.6 above, neither the Licensee nor Authorized Users may:
 - 6.1.1 remove or alter the authors' names or the Publisher's copyright notices or other means of identification or disclaimers as they appear in the Licensed Materials;
 - 6.1.2 systematically make print or electronic copies of multiple extracts of the Licensed Materials, including complete issues, for any purpose; or
 - 6.1.3 mount or distribute any part of the Licensed Materials on any electronic network, including without limitation the Internet and the World Wide Web, other than the Secure Network.
- 6.2 Except as otherwise provided herein, the Publisher's explicit written permission must be obtained in order to:
 - 6.2.1 use all or any part of the Licensed Materials for any Commercial Use;
 - 6.2.2 systematically distribute the whole or any part of the Licensed Materials to anyone other than Authorized Users;

6.2.3 publish, distribute or make available the Licensed Materials, works based on the Licensed Materials or works which combine them with any other material, other than as permitted in this Agreement; and/or

6.2.4 alter, abridge, adapt or modify the Licensed Materials. For the avoidance of doubt, no alteration of the words or their order is permitted.

7 DATA PROTECTION AND MONITORING

7.1 For the purposes of this clause, the following terms shall have the following meanings:

Data Protection Law: the Regulation and the Directive, as amended or replaced from time to time, and all other national, international or other laws related to data protection and privacy that are applicable to any territory where the parties process personal data or are established.

Directive: the European Privacy and Electronic Communications Directive (Directive 2002/58/EC).

Regulation: the General Data Protection Regulation (Regulation (EU) 2016/679).

The terms **personal data, controller, processor, processing, data subject, personal data breach and supervisory authority** shall have the meanings ascribed to them under the Regulation.

7.2 For the purposes of this Agreement and either party's processing of personal data, if applicable, in connection with this Agreement, the parties agree that each party acts as a data controller. Each party shall (i) only process personal data in compliance with, and shall not cause itself or the other party to be in breach of, the Data Protection Law, as applicable, and (ii) act reasonably in providing such information and assistance as the other party may reasonably request to enable the other party to comply with its obligations under the Data Protection Law, as applicable. If either party becomes aware of a personal data breach relating to the processing of personal data in connection with this Agreement, it shall (i) provide the other party with reasonable details of such personal data breach without undue delay, and (ii) act reasonably in co-operating with the other party in respect of any communications or notifications to be issued to any data subjects and/or supervisory authorities in respect of the personal data breach. If either party receives any communication from any supervisory authority relating to the processing of personal data in connection with this Agreement, it shall (i) provide the other party with reasonable details of such communication, and (ii) act reasonably in co-operating with the other party in respect of any response to the same.

7.3 Publisher has the right to monitor use of and access to the Online Services in order to verify compliance with this Agreement and/or to satisfy any law, regulation or authorized government request.

8 TERMS APPLICABLE TO ONLINE SERVICES

- 8.1 Licensee and Publisher acknowledge and agree that all logins, passwords or other Authorized User identification to access the Licensed Materials (whether chosen by it or the Authorized User(s) or provided by Publisher) are personal to the Authorized User(s) and Licensee shall use reasonable efforts to inform Authorized Users of this obligation and use commercially reasonable efforts to ensure that the Authorized User(s) shall treat such logins, passwords and other Authorized User identification as confidential and not disclose or transfer them to any person. Licensee must notify Publisher immediately of any unauthorized use of them or any other breach of security regarding Publisher's websites that comes to its attention. Without prejudice to any other right or remedy available to Publisher, it has the right to disable any login, password or other Authorized User identification at any time, if in its opinion Licensee or an Authorized User has failed to comply with this Clause 8.1.
- 8.2 Licensee is responsible for ensuring that its computer system meets all relevant technical specifications necessary to receive Licensed Materials. Licensee also understands that, although Publisher tries to guard against viruses, it cannot and does not guarantee or warrant that any Licensed Materials will be free from infections, viruses and/or other code that has contaminating or destructive properties. Licensee is responsible for implementing sufficient procedures and virus checks (including anti-virus and other security checks) to satisfy its particular requirements for the security of data input and output.
- 8.3 Publisher will seek to make Online Services available, but cannot guarantee that the Online Services will operate, continuously or without interruptions or that they will be error free and it does not accept any liability for their unavailability. Licensee must not attempt to interfere with the proper working of the Online Services and, in particular, Licensee must not:
 - 8.3.1 attempt to circumvent security, tamper with, hack into, or otherwise disrupt any computer system, server, website, router or any other Internet connected device; or
 - 8.3.2 use automated retrieval devices (such as so-called web robots, wanderers, crawlers, spiders or similar devices), unless in connection with text and data mining activities permitted by Clause 3.5.4.
- 8.4 Publisher reserves the right to temporarily suspend Licensee's access to Licensed Materials through the Online Services (and/or to the Online Services generally) for the purposes of maintenance or upgrade (but it will use its reasonable endeavours to minimize the period of suspension). Publisher shall give reasonable notice to Licensee of any planned temporary suspension of access.
- 8.5 Publisher makes no representations whatsoever about any other third-party websites which Licensee may access through the Online Services. When an Authorized User accesses any other third-party website Licensee understands that it is independent from Publisher websites and that Publisher has no control

over the content or availability of that website. In addition, a link to any other third-party website does not mean that Publisher endorses or accepts any responsibility for the content, or the use of, such a website and it shall not be liable for any loss or damage caused or alleged to be caused by or in connection with use of or reliance on any content, goods or services available on or through any other web or resource. Any concerns regarding any external link should be directed to its website administrator or web master.

8.6 To the extent that Authorized Users access the Licensed Materials via the Online Services, their use of the Licensed Materials shall also be subject to the Online Service Terms and Conditions of Use (the “**Online Terms**”), which may be modified by the Publisher from time to time. The Online Terms can be viewed at <http://www.tandfonline.com/page/terms-and-conditions> and Licensee acknowledges that by accessing and using the Licensed Materials via the Online Services, Authorized Users will be accepting and agreeing to be bound by the Online Terms. In the event of conflict of the terms of this Agreement and the provisions of the Online Terms, the terms of this Agreement shall take precedence.

9 PUBLISHER’S UNDERTAKINGS

9.1 The Publisher warrants to the Licensee that the Licensed Materials used as contemplated by this Agreement do not infringe the copyright or any other proprietary or Intellectual Property Rights of any person.

9.2 Subject to the terms of this Agreement, the Publisher shall:

9.2.1 make the Licensed Materials available to the Licensee via the Online Services during the Term;

9.2.2 use reasonable efforts to provide continuous service seven (7) days a week with an average of 98% up-time per month. The 2% down-time includes periodic unavailability due to maintenance of the server(s), the installation or testing of software, the loading of additional Licensed Materials as they become available, and downtime related to the failure of equipment or services outside the control of Publisher, including but not limited to public or private telecommunications services or internet nodes or facilities. The foregoing does not apply to any performance issues: (i) caused by factors outside of Publisher’s reasonable control; (ii) that resulted from any actions or inactions of Licensee; or (iii) that resulted from the use of services, hardware, or software not provided by Publisher. Publisher shall use reasonable endeavours to restore access to the Licensed Materials as soon as possible in the event of an interruption or suspension of the service. In the event the Licensed Materials fail to operate in conformance with the terms of this Agreement, the Licensee shall immediately notify the Publisher, and the Publisher shall use reasonable efforts to restore access to the Licensed Materials as soon as possible. In the event the Publisher fails to repair the non-conformity in a reasonable time, the Publisher shall reimburse or provide a credit to the Licensee in the amount that the nonconformity is proportional to the

total Readership Fees owed by the Licensee under this Agreement;

9.2.3 provide the Licensed Materials through the Online Services in compliance with the Level AA criteria of the Web Content Accessibilities Guidelines (WCAG) 2.1 Level AA as published by the World Wide Web Consortium's Web Accessibility Initiative, which may be found at: <https://www.w3.org/WAI/WCAG21/quickref/?versions=2.1>. Publisher agrees to respond to any complaint by Licensee or Authorized Users regarding accessibility of specific portions of the Licensed Materials which is brought to its attention, and will use reasonable efforts to make the necessary updates to such Licensed Materials to make them accessible in compliance with this clause. In addition, Publisher shall make available to Licensee a current, complete Voluntary Product Accessibility Template (VPAT). The contact information to request Accessibility help and support and the link to access the VPAT is available online via the following link: <https://www.tandfonline.com/accessibility>; and

9.2.4 use commercially reasonable efforts to respond to emails and phone calls from Licensee within three (3) business days, or urgent communications related to access issues from Licensee within twenty-four (24) hours.

9.3 The Publisher reserves the right at any time:

9.3.1 to make changes or correction and to alter, update or upgrade any aspect of the Licensed Materials;

9.3.2 to vary the technical specification of any of the Licensed Materials or of any software included therein. The Publisher will use reasonable efforts to notify the Licensee in advance of any anticipated technical specification change applicable to the Licensed Materials; and

9.3.3 to withdraw from the Licensed Materials any item, or part of an item, for which it no longer retains the right to publish, or which it has reasonable grounds to believe infringes copyright or is defamatory, obscene, unlawful or otherwise objectionable.

9.4 Where Publisher exercises its right to withdraw any substantial part of the Licensed Materials under Clause 9.3, if the withdrawal results in the Licensed Materials being no longer materially useful to the Licensee, the Publisher shall give written notice to the Licensee and the Licensee may, request a comparable replacement to the lost Licensed Materials which Publisher will use all reasonable efforts to accommodate, or otherwise cancel this Agreement with respect to the lost Licensed Materials only.

9.5 *Perpetual Rights.* Where a subscription to any Subscription published during the Subscription Period and purchased by the Licensee (each a “**Purchased Subscription**”) expires or is otherwise terminated other than as a result of a

breach of this Agreement by the Licensee, then the Publisher shall for the purposes of the long term preservation of the materials forming part of any such Purchased Subscription either (at its sole option and at any time):

- 9.5.1 continue to provide access to the Licensed Materials comprising such Purchased Subscription, either via the Online Services or by way of the online services of a third-party provider; or
- 9.5.2 provide or arrange for a third party to provide the Licensee with a copy of the Licensed Materials comprising such Purchased Subscription in a secure digital or electronic format determined by the Publisher or such third party,

subject always to the right of the Publisher to withdraw from the Licensee any access to any Licensed Materials in the event that for any reason the Publisher ceases to have the right to grant such access, and further provided that the Licensee shall use reasonable efforts to ensure it and its Authorized Users continue to comply at all times with the permitted uses and restrictions set out herein and with Licensee's undertakings with respect to the Licensed Materials, all of which will survive termination of this Agreement. The foregoing is subject always to the right of the Publisher or any relevant third-party provider to apply additional terms and conditions on such access including requiring the Licensee to bear any charges reasonably incurred by the Publisher or such third party in continuing to provide such access.

The Publisher shall have no obligation to provide perpetual access under this Clause 9.5, whether via an electronic copy or access through the Online Services or third-party services: (i) to any Licensed Content; (ii) to any Subscriptions to which Publisher grants Licensee courtesy (unpaid) access during the term of this Agreement; or (iii) in the event of breach of this Agreement by Licensee, to any Licensed Materials published subsequent to the initial date of breach. The Publisher shall not be required to digitize any Licensed Materials in order to give effect to this Clause 9.5.

- 9.6 The Publisher shall for the duration of the Term provide as part of the Online Services a website, currently located at <http://www.tandfonline.com/page/librarians/usage> for Licensee to run COUNTER compliant usage reports on demand or monthly.
- 9.7 The Publisher shall use reasonable efforts to ensure that Licensee does not lose access to content during a journal(s) transfer and that any perpetual access rights that have been granted shall be honoured whether the Publisher is acting as Transferring Publisher or Receiving Publisher (provided, in the case of the Publisher being the Receiving Publisher, that the Publisher has the right to deliver such access). Publisher agrees to communicate with other publisher(s) to exchange such relevant subscription and rights information as outlined in NISO The Transfer Code of Practice found at: <https://www.niso.org/standards-committees/transfer>.

9.8 Publisher shall give notice to Licensee that content will be moving to a new platform no less than sixty (60) days before the migration commences. The Publisher will provide the Licensee with a migration timeline and, where possible, a preview environment. Publisher shall use reasonable efforts to provide continuous service throughout any platform migrations, ensuring that Licensee does not lose access to content.

9.9 For clarity that content and services are made available to Authorized Users by Licensee, Publisher will provide Licensee the option to brand the Publisher's platform, in a format equal or greater in prominence to Publisher's own marks, with the name of the Licensee, including text, logos, or other branding marks at Licensee's discretion.

9.10 The Publisher shall indemnify and hold the Licensee harmless from and against all claims, losses, causes of action, losses, damages, costs and expenses (including reasonable legal fees) arising out of any legal action taken against the Licensee claiming that the use of the Licensed Materials as contemplated by this Agreement infringes any proprietary or Intellectual Property Rights of a third party. This indemnity shall not apply if the Licensee has amended or used the Licensed Materials in any way not permitted by this Agreement. This indemnity shall automatically expire at such time as the Publisher ceases to make the Licensed Materials available to the Licensee via the Online Services.

10 LICENSEE'S UNDERTAKINGS

10.1 The Licensee shall:

10.1.1 use reasonable endeavours to notify Authorized Users of the terms and conditions of this Agreement and take steps to protect the Licensed Materials from unauthorized use or other breach of this Agreement;

10.1.2 use reasonable endeavours to monitor compliance with this Agreement and immediately upon becoming aware of any unauthorized access to or use of the Licensed Materials, or any other breach of security regarding the Online Services or the Licensed Materials that comes to its attention, inform the Publisher and take all reasonable and appropriate steps to: (i) promptly and fully investigate such breach for the purpose of identifying, mitigating, and remedying the breach to ensure as far as reasonably possible that the relevant activity ceases and to prevent any recurrence; (ii) keep the Publisher informed about the investigation and its status and assist the Publisher to identify any breaching Authorized User; and (iii) if the Licensee considers it appropriate, take steps against the individual(s) concerned in accordance with Licensee's disciplinary procedures;

10.1.3 issue passwords and/or other access information only to Authorized Users and use all reasonable endeavours to ensure that Authorized Users do not divulge their passwords or other access information to any third party;

- 10.1.4 use all reasonable efforts to ensure that only Authorized Users are permitted access to the Licensed Materials;
- 10.1.5 provide the Publisher, within 30 days of the date of this Agreement, with the information sufficient to enable the Publisher to provide access to the Licensed Materials in accordance with its obligation under Clause 9.2.1. Should the Licensee make any significant change to such information, it will timely notify the Publisher; and
- 10.1.6 provide complete information on its print or online holdings and demographic information (i.e. student FTE) required by the Publisher for pricing purposes (only if applicable) at the time of signing this Agreement, and promptly provide any updates to such information no more frequently than annually.

If, in the Publisher's reasonable opinion, the Licensee has committed a material breach of its obligations in Clause 10.1.2, including by systematically and/or repeatedly failing to prevent recurrence of a relevant activity contrary to its obligations, and the Licensee has failed to remedy such material breach following fifteen (15) days' written notice from the Publisher, the Publisher shall be entitled (without prejudice to any other right or remedy available to it) to suspend the Licensee's access to the Licensed Materials until such time as the breach has been remedied. In such event, the Publisher shall notify the Licensee of its reasons for such suspension in writing.

- 10.2 The Licensee shall pay to the Publisher the Read & Publish Fees in accordance with the terms set out in the applicable Schedule(s). All of Publisher's prices are exclusive of applicable value added, sales, use, excise or any other government taxes, all of which shall be additionally payable by Licensee as appropriate. Any bank charges incurred by Publisher in connection with Licensee's payment of the Read & Publish Fees will be for Licensee's account. Without prejudice to any other rights and/or remedies available to Publisher, it reserves the right to charge Licensee (and Licensee undertakes to pay such charges on demand):
- 10.3 Without prejudice to Publisher's other rights and remedies under this Agreement, if the Publisher has a good faith belief that the Licensee has failed to materially comply with its obligations hereunder, Licensee agrees to reasonably cooperate with Publisher to evaluate the performance of this Agreement. .
- 10.4 The Licensee shall indemnify the Publisher against all claims, losses, causes of action, losses, damages, costs and expenses (including reasonable legal fees) incurred by the Publisher in respect of any material breach of the Licensee's representations, warranties, covenants or other obligations made herein.
- 10.5 **Deeply Discounted Print Titles:** Print subscriptions shall be optionally available to UC campus libraries at the following deeply discounted (DDP) rates:

10.5.1 Customized Database of Titles, as listed in Schedule 1: 25% of US print-only list price (75% discount).

11 UNDERTAKINGS BY BOTH PARTIES

- 11.1 Without limiting any other obligations under this Agreement, each party shall use its best endeavours to safeguard the intellectual property, confidential information and proprietary rights of the other party.
- 11.2 Publisher and Licensee agree to maintain the confidentiality of any data relating to the usage of the Licensed Materials by the Licensee and its Authorized Users. Such data may be used solely for purposes directly related to the Licensed Materials and may only be provided to third parties in aggregate form. Raw usage data, including but not limited to information relating to the identity of specific users and/or uses, shall not be provided to any third parties.

12 OA PUBLISHING ALLOCATION

- 12.1 The Licensee will pay to the Publisher annually the Upfront Fee and, as needed, Top-up Fees in the amount and on the timeline set forth on Schedule 4. The Licensee agrees to any additional terms and conditions applicable to Publishing Services and Licensee's payment of fees for the same as set forth in Schedule 4.
- 12.2 The Upfront Fee and Top-up Fees together with any Overperformance Fee or Additional Contributions, as appropriate, will create the OA Publishing Allocation specified in Schedule 4. The Publisher will debit against the OA Publishing Allocation on behalf of the Licensee during the Term and until such time as the Licensee has utilized the full allocation available for Qualifying Articles by approving the same in the Research Dashboard.
- 12.3 When an OA Publishing Authorization has been made by the Licensee, a Qualifying Author shall not be invoiced by the Publisher.
- 12.4 If the OA Publishing Allocation created by the Upfront Fee is expended before the end of a given calendar year of the Term, the Licensee will be invoiced for the agreed Top-up Fee and receive an additional pre-agreed OA Publishing Allocation in exchange.
- 12.5 In the event more than 694 eligible OA articles are accepted in any calendar year of the Term, the Licensee has agreed to an Overperformance mechanism whereby additional articles are made OA and then charged to the Licensee at 50% of the APC list price. The Overperformance Fee shall be made in a single reconciliation invoice in the January following the completion of each volume. Qualifying Authors shall not be directly charged to publish on an Open Access Basis initially for 2 years (2024 and 2025) at which time the Licensee shall decide whether an Overperformance Limit shall be instituted. In this instance, once the Overperformance Limit is reached, Authors shall be liable to the Publisher for any APCs chargeable by the

Publisher for their article. In this event, the Publisher will invoice the author for the APC directly, in the usual way.

12.6 In the event that the Licensee does not want an article by a Qualifying Author to be deemed a Qualifying Article so that the OA Publishing Allocation is debited, the Licensee shall reject the Qualifying Article in the Research Dashboard. In this event, the Publisher shall invoice the author directly for any applicable fees in the usual way and the article shall not be deducted from the OA Publishing Allocation.

12.7 For the avoidance of doubt, the Publisher will not use the OA Publishing Allocation for any purpose other than as permitted in this clause.

13 RETROSPECTIVE OPEN ACCESS

In the event the article allocations associated with the Upfront Fee and/or, Top-up Fee are not used by December 31 of each year, UC may use the balance to retroactively convert articles authored by a UC Qualifying Author to open access, provided the journal in which the article was published offers an open access option. Any UC-authored article eligible under this Agreement will be eligible for retrospective open access conversion. Upon written notification from UC and author approval, the Publisher will convert such older articles to OA. A list of candidate articles will be actively managed by T&F and UC as part of regular business meetings throughout the final quarter of each calendar year. UC must confirm with T&F in writing of its intention to convert such older articles at least thirty (30) days after receiving the list of UC-authored eligible articles from T&F. The cut-off date for notification will be December 15 of each year of the Term. The conversion process, including author contacting will be completed prior to annual accounts being closed by January 15 in the following calendar year. T&F and UC shall cooperate in developing and refining the workflow as appropriate throughout the Term. No allocation will roll over into any subsequent calendar year. This includes where a Top-up Fee has been paid. The Publisher shall have no liability or other obligations to the Licensee in relation to the unused OA Publishing Allocation, including but not limited to making a refund equivalent to any unused APCs or increasing the Publishing Fund amount in subsequent Term years as set out in Schedule 4

14 TERMS OF PUBLICATION

14.1 The Licensee acknowledges that, before an article by a Qualifying Author will be accepted for publication:

14.1.1 such article must be submitted, peer reviewed and accepted in accordance with the Open Access Workflow set out at Schedule 5 or as amended or varied by the Publisher from time to time; and

14.1.2 the owner(s) of any copyright in such article must enter into the Publisher's then-current Open Access Publishing Agreement, as amended or varied by the Publisher from time to time.

14.2 The Licensee acknowledges that all Qualifying Articles will be made available under a Creative Commons License which shall be integrated into Publisher's standard open access publishing agreement. Qualifying Authors will have a CC-BY license pre-selected by default, with the option to select CC-BY-NC and CC-BY-NC-ND licenses as alternatives. UC authors whose articles are accepted for publication in hybrid titles included in this Agreement will continue to have the option to publish their articles on a subscription basis (as an opt-out option).

15 LICENSEE'S RESPONSIBILITIES (Open Access Publishing)

15.1 The Licensee shall inform Qualifying Authors that this Agreement is in place and that their Qualifying Articles may be made available on an Open Access Basis in an applicable Publisher journal or product.

15.2 The Licensee shall ensure that Qualifying Authors shall identify themselves as being eligible as such and Licensee shall authorize the allocation Publishing Fund amounts towards the payment of APCs for Qualifying Authors in the course of the Open Access Workflow.

16 EDITORIAL INDEPENDENCE

16.1 Nothing in this Agreement shall oblige the Publisher to publish any article submitted to the Publisher by a Qualifying Author or the Licensee. The Licensee acknowledges that the selection of material via peer review to be published on an Open Access Basis in an applicable Publisher journal or product is entirely at the discretion of the Publisher and/or the editors or proprietors of the Open Select Journal and the Licensee waives any claim it may have against the Publisher in the event that the Publisher or its editors decline to publish any material (or part thereof) submitted by a Qualifying Author or the Licensee.

C. GENERAL TERMS

17 LIMITATION OF LIABILITY

17.1 The Publisher will use reasonable endeavours to ensure that the information contained in any Licensed Materials is accurate. However, Publisher cannot guarantee the accuracy of any information and content contained in the Licensed Materials, and makes no representations or warranties of any kind (except as expressly provided in this Agreement), including but not limited to warranties of design, accuracy of the information contained in the Licensed Materials, merchantability or fitness of use for a particular purpose. The Licensed Materials are provided on a strictly 'as is' basis. Publisher accepts no liability for any loss or damage whatsoever sustained by the Licensee as a result of using or relying on any information and content contained in the Licensed Materials.

17.2 Under no circumstances shall the Publisher or its representatives be liable to the Licensee or any other person, including but not limited to Authorized Users, for any special, indirect, exemplary, incidental or consequential damages of any character, whether or not foreseeable and whether such claim is based on

contract, tort, or other legal theory, relating to this Agreement, the Licensed Materials, and/or the use of or inability to use the Licensed Materials.

- 17.3 Irrespective of the cause or form of action, if Publisher is liable to Licensee under this Agreement for any reason, the Publisher's aggregate liability for any claims, losses, or damages will be limited to the amount paid by Licensee for the Licensed Materials in the year in which such claim, loss, or damage occurred.
- 17.4 Nothing in this Agreement shall limit either party's liability for death or personal injury resulting from its negligence or from its fraudulent misrepresentation or any liability which cannot be excluded under the applicable law.
- 17.5 No indemnity obligation shall exist with respect to an indemnity claim that arises from a non-indemnifying party's gross negligence, wilful misconduct or breach of this Agreement.

18 MERGING INSTITUTIONS AND PARTNERSHIPS

- 18.1 If the Licensee (or any other company or entity that benefits from the license granted under this Agreement) (each, a "**Beneficiary**") intends to merge with or acquire any interest or shares of a third party or any third party intends to merge with or acquire such an interest in the Licensee or any Beneficiary (a "**Transfer**"); or should there be a material change to the Authorized User constituency by addition of affiliations, partnerships or additional Licensed Sites, the Licensee shall give Publisher reasonable advance notice of any such change. Such notification must include details of all current Publisher subscriptions held by either Licensee or the merging institution, partner or affiliate. Licensee acknowledges that in such situations:
 - 18.1.1 subject to Clauses 18.1.3 and 18.2, this Agreement will remain in full force and effect;
 - 18.1.2 Publisher shall be entitled to offer to Licensee a revised Fee based on, amongst other things, the enlarged size and nature of the Licensee's institution following the change ("Expansion Fee"); and
 - 18.1.3 unless and until Licensee pays to Publisher the Expansion Fee, Licensee acknowledges and agrees (and Licensee shall ensure as a principal obligation) that none of the employees, contractors or other personnel of the relevant third party shall have access to or use the Licensed Materials or shall be deemed to be Authorized User(s) under this Agreement; and
 - 18.1.4 the Publisher reserves the right to prohibit any such expansion of access.
- 18.2 For the avoidance of doubt, and without prejudice to any other right or remedy available to Publisher, Licensee acknowledges and agrees that any breach of Clause 18.1 shall be deemed to be a material breach of this Agreement capable of termination by Publisher pursuant to Clause 19.3.3.

19 TERM AND TERMINATION

- 19.1 The term of the Agreement shall be as set out at the head of the Agreement. The Licensee's rights and the Publisher's obligations under this Agreement shall automatically terminate at the end of the Term, unless the parties mutually agree in writing to renew it, or, in relation to the Licensed Materials only unless perpetual rights have been granted pursuant to this Agreement.
- 19.2 Publisher submission of an invoice for a new term and Licensee's payment of same will qualify as mutual agreement in writing to renew.
- 19.3 In addition, this Agreement may be terminated:
 - 19.3.1 by the Licensee, if the Publisher commits a material or persistent breach of any term of this Agreement and fails to remedy the breach (if capable of remedy) within sixty (60) days of notification in writing by the Licensee;
 - 19.3.2 by the Publisher, if the Licensee commits a material and/or persistent infringement of the copyright or other Intellectual Property Rights in the Licensed Materials or breaches the provisions of Clause 3 in respect of usage rights, Clause 6 in respect of prohibited uses, or Clause 10.1.2 in respect of its obligations upon becoming aware of any unauthorized access to or use of the Licensed Materials, and fails to remedy the breach (if capable of remedy) within fifteen (15) days of notification in writing by the Publisher;
 - 19.3.3 by the Publisher, if the Licensee commits a material and/or persistent breach of any term of this Agreement other than those set forth in Clause 19.3.2 and fails to remedy the breach within sixty (60) days of notification in writing by the Publisher; or
 - 19.3.4 by one party, if the other party becomes insolvent or becomes subject to receivership, liquidation or similar external administration or ceases to carry on business or threatens to do any of these things or suffers any analogous event in any jurisdiction.
- 19.4 On termination of this Agreement by Publisher for cause, as specified in Clauses 19.3.2, 19.3.3, or 19.3.4, the Licensee shall immediately cease to distribute, or make available, the Licensed Materials to Authorized Users and shall return to the Publisher or destroy all Licensed Materials in its control from the date of first notification of breach. For the avoidance of doubt, this provision is not applicable with respect to Licensed Materials to which access continues to be permitted on a perpetual basis as provided in Clause 9.5, nor to materials licensed pursuant to the terms of another written agreement between the parties.
- 19.5 On termination of this Agreement by the Licensee for cause, as specified in Clause 19.3.1, the Publisher shall forthwith refund any proportion of the Read & Publish Fees that represent the paid but un-expired part of the Term.

19.6 Clauses 7, 9.5, 9.10, 10.1, 10.4, 11 and 17 shall survive the termination of this Agreement on the terms set out in those respective clauses.

20 MISCELLANEOUS

20.1 This Agreement together with all Schedules, Exhibits, and any other documents or terms incorporated herein by reference, constitutes the entire agreement of the parties and supersedes all prior communications, understandings and agreements relating to the subject matter hereof, whether oral or written.

20.2 The parties agree to the Clarification of Intention Relating to Author Publishing Agreements which is attached as Schedule 6 and the Memorandum Regarding Non-Commercial, Non-License Topics which is attached as Schedule 7.

20.3 Alterations to this Agreement are only valid if they are agreed to in writing in advance by both parties.

20.4 Each party warrants and represents that the person signing this Agreement on its behalf has authority to bind that party and that the party's execution of this Agreement is not in violation of any by-law, covenants, and/or other restrictions placed upon them by their respective entities. Each signatory to this Agreement represents that they have the authority to execute this Agreement on behalf of their respective party and to bind that party to the terms of this Agreement.

20.5 This Agreement may not be assigned by the Licensee to any other person or organisation, nor may either party sub-contract any of its obligations, except as provided in this Agreement and the management and operation of the Server, without the prior written consent of the other party, whose consent shall not unreasonably be withheld. Publisher shall be entitled to assign, sub-license, subcontract or otherwise dispose of its rights and obligations under this Agreement to any other person or company.

20.6 Any notices required under this Agreement shall be sent by prepaid recorded delivery, registered post, or receipted email to the address of a party's signatory as set out in this Agreement, and to a party's "Legal Department" designee if set out in the signature block of this Agreement, or to such other address as notified by either party to the other in writing as its address for service of notices. All such notices sent by prepaid recorded delivery or registered post shall be deemed to have been given within fourteen (14) days of posting. All such notices sent by email shall be deemed to have been given on the date transmitted if confirmed by the receiving party by email.

20.7 Except in respect of a payment obligation, neither party will be held liable for any failure or delay to perform any obligation to the other due to a Force Majeure Event provided the affected party notifies the other party in writing of the Force Majeure Event, the date on which the Force Majeure Event started and the effects of the Force Majeure Event on its ability to perform its obligations under this Agreement as soon as reasonably possible after the start of the Force Majeure Event. The affected party shall make all reasonable endeavours to mitigate the effects of the Force Majeure Event on the performance of its obligations under this Agreement. As soon as reasonably possible after the end of the Force Majeure Event, the affected party shall notify the other party in writing that the Force Majeure Event has ended and resume performance of its obligations under this Agreement. If the Force Majeure Event continues for more than three months starting on the day the Force Majeure Event starts, either party may terminate this Agreement by giving not less than 30 days' notice in writing to the other party. As used herein, "Force Majeure Event" means an event beyond the reasonable control of the affected party including but not limited to strike, lock-out, labour dispute, act of God, war, riot, acts of terrorism, civil commotion, malicious damage, breakdown of machinery or telecommunications or Internet failures, fire, flood, storm, pandemics or epidemics.

20.8 The invalidity or un-enforceability of any provision of this Agreement shall not affect the continuation or enforceability of the remainder of this Agreement.

20.9 Either party's waiver, or failure to require performance by the other, of any provision of this Agreement will not affect its full right to require such performance at any subsequent time, or be taken or held to be a waiver of the provision itself.

20.10 This Agreement shall be governed by and construed in accordance with the laws of the Commonwealth of Pennsylvania, USA. The parties irrevocably agree that any dispute arising out of, or in connection with, this Agreement will be subject to, and within, the jurisdiction of the courts of the Commonwealth of Pennsylvania, USA.

IN WITNESS WHEREOF, the parties have executed this Agreement by their respective, duly authorized representatives as of the date first above written.

SCHEDULE 1

Custom Database of Titles for Read Access

The below Terms apply to the Custom Database of Titles contained in this Schedule 1.

1. No annual reconciliation of journal lists, no swaps, no transfers.
2. All conversions to OA are accepted as a benefit of global Transformative Agreement framework (i.e. accepted as a wanted outcome) – reading rights for these titles prior to conversion **included**.
3. No credits on ceased titles.
4. All acquisitions (entire lists, companies, platforms) are excluded from inclusion in the Custom Database of Titles and can be discussed for interest at partner review meetings and added at an agreed additional price.

For the avoidance of doubt, Publisher confirms that Licensee has already been granted access to the custom database of titles and will continue to receive access for the Term of this Agreement.

Should Publisher later identify Subscriptions held by the Licensee after the signing of this Agreement, Publisher reserves the right to invoice the Licensee for these Subscriptions. This also applies to duplicate Subscriptions held at any other Licensed Premises if set out in Schedule 3, and therefore covered by this Agreement, or Subscriptions that were previously held from other Publishers that we have acquired and form part of the Licensee's existing holdings.

SCHEDULE 2

Journals Included for OA Publishing

A. Exclusions

Journals published under the following imprints are excluded from this Agreement as such OA articles published in these titles and publishing venues shall not be qualified for OA Publishing under this Agreement.

- F1000
- PeerJ
- Dove Medical Press
- Expert Medicine/ ex. Future Science Group

B. Journals Included for OA Publishing

The following list details the journals agreed for inclusion under this Agreement. The Licensee acknowledges that the Publisher's portfolio will change during the term of this Agreement for a variety of reasons including, OA conversion, cessation, transfer, acquisition or change in business model. T&F will use best efforts to actively manage and share at least annually any changes, additions, or alterations to this list.

At UC's request, titles requiring an exclusive author publishing agreement (license to publish), at the point of agreement or in future, may be removed from those qualified for coverage for OA Publishing under this Agreement.

C. Journal business model conversions

During the Term T&F will continue to actively consider the conversion of its Open Select (hybrid journals) titles for conversion to full open access. Such decisions on journal conversion will be made in T&F's sole discretion. When assessing journals to convert to full open access, T&F considers the sustainability of the title in an open model by evaluating a range of factors; there is not a set formula or threshold. These include both subject-specific factors such as community interest, competitors, size of field, OA uptake in field, funding levels in the field and geography of authorship in discipline, as well as journal-specific factors such as enthusiastic editor, journal reputation, scope of journal, publication numbers and content types, APC, and geography of authorship.

UC shall be notified of any intent to convert titles from the custom database in Schedule 1 to open access in advance of the conversion and T&F, with input from UC, will decide whether the title continues to be qualified for inclusion under the OA Publishing Allocation in the Agreement.

D. New acquisitions

Any imprints and individual publications acquired by T&F after signing of this Agreement shall be offered to the UC as additional purchase options for “read” access and may be considered for inclusion as Qualified Publications under the OA Publishing Allocation.

UC is under no obligation to purchase access to or add for inclusion as a Qualified Publication under this Agreement any titles for which the publishing model is considered incompatible with its faculty policies. T&F’s intent is to offer a nonexclusive publishing agreement for OA articles published in any future titles that T&F converts to Open Access.

SCHEDULE 4

Fees and Additional Commercial Terms

A. Read & Publish Fees

The Read & Publish Fees charged by the Publisher and payable by Licensee shall be annual fees made up of an Upfront Fee, a Top-up Fee and Overperformance Fees, set out here (together, the “Read & Publish Fees”) as follows:

| <u>Year</u> | <u>Upfront Fee</u> | <u>Top-up Fee</u> | <u>Total Billable Fees</u> |
|-------------|--------------------|-------------------|----------------------------|
| 2024 | \$1,813,130 | \$239,470 | \$2,052,600 |
| 2025 | \$1,867,524 | \$185,076 | \$2,052,600 |
| 2026 | \$1,923,550 | \$129,050 | \$2,052,600 |
| 2027 | \$1,981,256 | \$71,344 | \$2,052,600 |

Licensee agrees that the category fees listed above (which may include but are not limited to “Upfront Fee,” “Top-up Fee,” “Overperformance Fees”) are each contingent upon the payment of the other.

Upfront Fees shall be invoiced in advance of each year of the Agreement, or, for 2024, upon the signing of an associated Memorandum of Understanding (MOU). The Upfront Fee shall establish an initial allocation of the number of articles that will be available to be published as Open Access under the Agreement in both hybrid and gold OA journals. This Upfront Fee shall also entitle the Licensee to Read Access of the Custom Database of Titles.

Top-up Fees shall be invoiced as the remaining initial article allocation is depleted below the average monthly usage of the allocation (e.g. when the allocation remaining is insufficient to cover the next month of typical OA publishing uptake by UC authors). The Parties intend that UC authors shall experience no reduction or change in service as a result of this process.

Overperformance Fees shall become invoiceable if the total article allocation created by the Upfront Fee, Top-up Fee, and T&F’s Gratis Buffer is insufficient to cover UC author OA publishing uptake. In this instance, UC and Taylor & Francis will share the APC cost equally. The APC cost of each article will be the actual list price APC for each journal in which a publication occurs, divided equally between UC and Taylor & Francis. UC will be invoiced retrospectively for all such activity in a final reconciliation invoice in January of the year following.

This commitment on overperformance support shall be offered in Year 1 and Year 2 of the contract (2024 and 2025) only. In subsequent years (2026 and 2027), UC and Taylor & Francis will review contract performance annually and, if requested by UC, establish an overperformance threshold, above which UC would have the option to cease support for additional OA article publication for those calendar years.

Any change in fee amounts in a category for a given year will require re-review and re-negotiation based on the fees previously paid by the Licensee in its most recent prior agreement with the Publisher.

B. OA Publishing Allocations

The OA Publishing Allocation within this Agreement shall be made up of four parts:

- a) an initial article allocation related to the Upfront Fee
- b) an additional article allocation related to a Top-up Fee
- c) a Gratis Buffer article allocation related to T&F's waiver of APCs up to a defined level detailed in section C.
- d) additional potential publishing activities over and above (a)-(c) which shall be considered "overperformance" as detailed in section A.

| <u>Article allocation</u> | 2024 | 2025 | 2026 | 2027 |
|----------------------------------|-------------|-------------|-------------|-------------|
| Upfront allocation | 530 | 546 | 562 | 579 |
| Top-up allocation | 70 | 54 | 38 | 21 |
| T&F gratis buffer | 94 | 94 | 94 | 94 |

C. T&F Gratis Articles Buffer

T&F will grant an additional 94 articles over and above the maximum included article allocation (consisting of the Upfront allocation plus the Top-up allocation) in each year of this Agreement.

Any UC-authored articles requiring more than this combined total of 694 eligible OA articles (included article base as described above, plus gratis buffer) shall be treated as Overperformance as detailed in section A.

D. Article Publishing Charges

The Upfront Fee is calculated on the basis of an average weighted APC which represents the previous publishing patterns of UC authors. An average weighted APC of USD \$3421 shall be established for UC authors as a baseline in 2024. This is calculated as the average APC of UC author-affiliated publishing activities across hybrid and gold OA journals, 2021-2023, with 2024 list prices applied.

Where required for Overperformance, APCs shall be calculated at List Price. These can be found initially at the below URL, or any other location as made available by the Publisher to the Licensee:
<https://www.taylorfrancis.com/authorcharges/>

E. Payment Terms & Conditions:

Payment Terms: 30 days from receipt of invoice.

All amounts payable by the Licensee under this Agreement shall be in US Dollars (\$).

Any late payment of invoices shall be subject to the provisions of Clause 10.2.

Schedule 5 – Open Access Workflow

1. Author submits article via the standard submission process on Taylor & Francis Online.
2. Peer Review of the article:
 - a) Rejection: T&F informs Author;
 - b) Acceptance:
 - Corresponding author identified as affiliated to the Licensee. This will happen at acceptance (as the manuscript enters the Production system) and will be by either email domain or by Licensee name. The identification of authors is dependent on them entering this information at submission (using Licensee's email address or entering the Licensee name as organization).
 - Licensee will be informed and will verify the eligibility of an author as quickly as possible to ensure the timely production and publication.
3. Accepted article metadata feeds into the Research Dashboard. Licensee logs into their Research Dashboard account to authorize the allocation of the Publishing Fund amounts to applicable fees incurred by a Qualifying Author.
4. Author is sent an email from Taylor & Francis Production team with a URL to the Electronic Copyright System, where they are able to select and sign the Publisher's Author Publishing Agreement online.
5. Article is published online under an Open Access license.

General

Publisher is keen to work with Licensee to advocate open access publishing and promote this agreement to researchers within Licensee's institution. This may be through tailored email communications to authors, and invitations to webinars and events.

Schedule 6 - Clarification of intent relating to author publishing agreements

Taylor & Francis thanks the UC negotiation team for their notes and recommendations relating to the sample author agreements supplied during the ongoing negotiation of a Transformative Agreement.

We can confirm that outside of our ongoing negotiation with UC, Taylor & Francis is undergoing (as occurs from time to time) a project to review and redraft our global set of author agreements appropriate to the breadth of our publishing program. At this point that review project is intended to produce its full recommendations, including new draft language, by December 31, 2024. We will determine the rollout schedule thereafter.

Although we cannot commit to including views from every customer or stakeholder, nor to the precise implementation timeline, we have noted the suggestions made by UC and agree that aspects of our current licenses could be clarified. We will integrate UC's feedback into our review process and where appropriate we will implement modifications as part of our planned updates.

At this point, we can confirm:

For those journals where we offer authors a non-exclusive license to publish on an open access basis, the authors can use the work, including any different versions of the work, as they wish on a non-exclusive basis. Authors' rights are not curtailed with respect to commercial use, transfer, or creating derivative works, for any of the Creative Commons licenses (e.g. CC BY, CC BY-NC, CC BY-ND, CC BY-NC-ND). We would not seek to be more restrictive than this to authors publishing under such license terms, and we intend to clarify this in the updated author agreements.

As part of the regular meeting cycle to be established with the signing of this Transformative Agreement, we will be happy to discuss our intended changes and improvements with UC in the interest of transparency and for timing awareness.

Once again, we do appreciate the input provided by UC.

Schedule 7 – Memorandum Regarding Non-commercial, Non-License Topics

This memorandum documents non-commercial, non--license topics that were discussed and agreed on in the T&F and UC negotiation. It is UC's expectation that T&F advances all of the issues in this memorandum within the timeframe noted within each section. This memorandum codifies the agreements between UC and T&F, documents publicly the commitments made by T&F, and will guide ongoing and future discussions and actions.

1. Author rights retention and default licenses

Problem statement presented by UC:

Authors who sign a CC BY-NC-ND or CC BY-NC license with T&F are currently asked to grant a nonexclusive license to T&F for commercial and derivative rights. However, in its review, UC has noted some contradictions within the author agreements that may imply that authors are transferring more rights than they intend. UC faculty and leadership have profound concerns about how author rights are managed in general, as articulated in the statements below, and would like for T&F to clarify their author agreements to more clearly articulate what rights authors are signing to T&F in the publication process.

Proposed action from UC:

At the close of the 16th Berlin Conference on Open Access in June 2023, the participants issued a joint statement affirming the role of author choice and author rights in publishing. The participants were negotiators and decision makers from institutions and delegations located in 38 nations across six continents. One of the primary assertions in this statement is:

“Author choice and author rights must be fully enabled. We strongly support retention of copyright and all rights therein by authors. Open access agreements with publishers should stipulate that authors only grant ‘limited’ or ‘non-exclusive’ licenses to publishers....In keeping with the spirit and goals of open access, more restrictive CC licenses (e.g., CCBY-NC, CC-BY-ND, and CC-BY-NC-ND) should function as originally intended, in respect of the author’s disciplinary needs; consequently, author ‘license to publish’ agreements should not limit the author’s rights in any way.”

UC faculty, leadership and libraries fully support the preservation of author rights and author choice. In July 2023 the University of California Academic Senate endorsed a statement by its University Committee on Library and Scholarly Communication (UCOLASC). In this, the faculty, through the Senate,

“... joins UCOLASC in urging the UC Project Transform Negotiating Team to push back by negotiating OA agreements that stipulate UC authors grant only ‘limited’ or ‘non-exclusive’ licenses to publishers.”

The specific direction is further detailed in the endorsed UCOLASC statement:

“To this end, UCOLASC vigorously encourages the Project Transform Working Group (PTWG) and the Project Transform Negotiating Team (PTNT) to exert the full leverage of the UC System, further demonstrate global leadership on a key priority for authors, and if necessary to stand on principles.”

This statement was reaffirmed in a letter from UC President Drake and UC Provost Newman, wherein the President and Provost state:

“We view license to publish agreements that purport to grant exclusive rights to publishers while ignoring explicit author intent and UC policy as a breach of trust by the publishers, both with authors and the institution.”

UC requests two main actions from T&F on this topic:

- Implement CC BY as the default, pre-selected license for all UC corresponding authors
- When authors opt for a more restrictive CC license (rather than the CC BY default), implement an author agreement where authors clearly retain all rights under copyright and provide a non-exclusive license to T&F to publish the work.

T&F’s commitments and statements of intent relating to author rights are embedded in our Memorandum of Understanding signed August 23rd, 2024, in sections 3, 13, and Appendix D.

2. Diversity, equity and inclusion (DEI) efforts

Problem statement:

UC is interested in pursuing concrete steps towards supporting efforts to advance DEI in scholarly publishing and would like to include within an agreement commitment to actions which could advance these goals.

Proposed action from UC:

UC has been focused on exploring business and pricing models that can advance global equity and enable everyone to participate in open access scholarly publishing, which is in alignment with the charge set forth by the final statement of the 16th Berlin OA Conference. In short: UC wants to ensure that transformative agreements do not create new barriers for researchers from countries, regions, or institutions that do not have the financial means to participate in open science.

UC believes that conversations among publishers, libraries, funders, governments, authors, and other stakeholders are the best way to have an impact and make progress in this area. UC asks T&F to commit to be part of these conversations.

T&F expressed its commitment as follows:

T&F operates a global Diversity & Inclusion Team, headed by a dedicated Chief Diversity & Inclusion Officer.

We also operate a Diversity, Equity & Inclusion Committee which empowers and shares resources across our organization. This is further broken down into regional chapters to ensure a broader range of voices and actions.

- We currently have multiple initiatives and projects underway in many of our groups and divisions, including editorial, peer review, production, which aim to specific issues in scholarship, while preserving research integrity.
- T&F colleague resource groups (CRGs) interact directly with equivalent structures in our parent company Informa.
- Annual reports and summaries are produced and included in the Annual Report.

- 2021, T&F signed the joint commitment for action on inclusion and diversity in publishing and partnered with the Coalition for Diversity and Inclusion in Scholarly Communication (C4DISC).
- Peer review teams have developed training courses and resources for Academic Editors and Peer Reviewers.
- T&F is the only international academic publisher with an editorial team located in subSaharan Africa and maintains close partnerships and co-publishes with NISC and Unisa Press.
- We would be delighted to consider how to partner with CDL to develop and deliver appropriate resources to the UC community.

Our Transformational Agreements have been developed specifically to ensure a sustainable and equitable business model is created for scholars around the world.

With this in mind, we are pleased to have established relationships with:

- Consortia SAS, Colombia (representing ~60 institutions)
- UNICAMP Universidade Estadual de Campinas (starting 2024)
- South African National Library and Information Consortium (SANLiC), supporting researchers in South Africa, Botswana, and Namibia
- And others to be announced.

T&F is the first large academic publisher to launch a collaborative funding open access books program—Pledge to Open.

- Aims to transform 70 frontlist titles to OA, centered around 7 collections drawing in interdisciplinary strengths across HSS and STM topics
- Intent to give access to OA funding for ~20% authors from global south
- The pilot will inform future development of additional programs

T&F anticipates creation of a Global Equity Board in 2024, subject to clarification of aims, purpose and management structure. As a part of this agreement, T&F invites a CDL or UC representative as a founding member for a minimum of one term.

3. OA policy compliance / repository auto-deposit

Problem statement:

Automatic deposit of author manuscripts into institutional and federal repositories for all affiliated corresponding and contributing authors could significantly ease the burden on authors who are mandated by local and federal policy to share their work in multiple venues following publication. Automatic deposit could decrease overhead for authors and increase compliance with applicable policies.

While UC is motivated to build an agreement which emphasizes publishing under an OA license and enables that option for all of our authors, we know that regardless of our shared preference for that approach, our authors still will need to make deposits of their articles to federal repositories during the time period of this agreement in order to be compliant with funding agency requirements that emerge from the OSTP guidance.

UC also recognizes that a bilateral agreement with a single publisher is not necessarily the most appropriate way to create a solution for this problem – since this would likely not be sustainable when scaled to all funding agencies, publishers (from the UC perspective) and institutional customers (from the T&F perspective).

Proposed action from UC:

UC requests T&F's commitment to working with authors who are subject to compliance policies without pass-through fees to either the authors or to UC. UC believes that an industry-wide collaborative solution will be most effective in this space. A conversation among publishers, library consortia, government agencies, funders, and authors to ideate solutions could allow us to make decisive progress. UC is asking for T&F's commitment in principle to being part of these conversations.

T&F expressed its commitment as follows:

We do not currently have an automated process for deposition of articles to federal or institutional repositories. We maintain close ties to federally funded agencies to maintain understanding of the shifting policy landscapes with dedicated US and EU Open Research Policy Teams.

T&F commits in principle to being part of broad stakeholder conversations. In addition, T&F can facilitate initial discussions through an industry membership group(s).

Timeline:

T&F and UC to continue discussion on plans for supporting authors subject to US federal funder policies by December 31, 2024.

4. OA Switchboard participation

Problem statement:

The OA Switchboard offers standardization in messaging and reporting of OA publications which has the potential to save time and effort for both publishers and institutions. As an important component of community--driven infrastructure, UC continues to encourage T&F to implement the OA Switchboard in its systems.

Proposed action from UC:

T&F commits to report on its exploration of distributing P1 messages via the OA Switchboard when an article is published OA by the end of calendar year 2024.

T&F expressed its commitment as follows:

T&F has close contact with OA Switchboard but at this time does not have a roadmap for integration with the service due to other prioritized customer requirements. T&F commits to further exploration OA Switchboard integration including CDL consultation as part of workflow exploration in 2025.

Timeline

T&F to explore OA Switchboard integration during calendar year 2025 and provide UC with a written status update by December 31, 2025.
