

ASTM License Agreement with the University of California

This License is agreed to the 17th day of August, 2012 between the American Society for Testing and Materials (ASTM International), 100 Barr Harbor Drive, West Conshohocken, PA 19428-2959 ("ASTM"), and the University of California ("Licensee").

Grant of License: ASTM hereby grants to Licensee the non-exclusive and non-transferable right to give Licensee and its Authorized Users access to electronic information published by ASTM (hereinafter referred to as the "Licensed Materials") via a secure network for the purposes of research, teaching, and scholarship, in accordance with this Agreement.

Ownership: Licensee and its Authorized Users acknowledge that the copyright and title to the Licensed Materials remain with ASTM. Neither Licensee nor its Authorized Users shall have right, title or interest in the Licensed Materials except as expressly set forth in this Agreement.

Authorized Users: For the purposes of this Agreement, Authorized Users are:

- i. Persons officially registered as full or part-time students of Licensee in both degree and non-degree programs; Licensee faculty (including emeritus faculty), and other members of the teaching staff; administrators; and employed staff;
- ii. Authorized affiliates, i.e., affiliated or visiting scholars or researchers and registered participants in outreach and intern programs;
- iii. Other individual authorized users sponsored by Licensee for guest accounts in order to complete academic or administrative work;
- iv. Any of the groups above at any location in the world, with appropriate authentication;
- v. All onsite users within the facilities of Licensee's Libraries.

Authorized Uses: For purposes of research, education, and scholarship, Licensee and Authorized Users may:

- i. Search, view, browse, retrieve, print, and display the Licensed Materials
- ii. Electronically save individual articles or items of Licensed Materials for use
- iii. Print off a copy of parts of the Licensed materials
- iv. Transmit to a third party in hard copy or electronically, minimal, insubstantial amounts of the Licensed Materials for personal use or scholarly, educational, or scientific research or professional use but in no case for resale or commercial purposes ("scholarly sharing")
- v. Use a reasonable portion of the Licensed Materials in print and electronic course reserves, in connection with specific courses of instruction offered by Licensee, where access is restricted to students enrolled in the course, to instructors, and to staff responsible for the electronic reserves service, and such access is limited to the duration of the course.

- vi. Recover Copying Costs. Licensee may charge a reasonable fee to cover costs of copying or printing portions of Licensed Materials for Authorized Users.
- vii. Archival/Backup Copy. Upon request of Licensee, Licensee may receive from ASTM and/or create one (1) copy of the entire set of Licensed Materials to be maintained as a backup or archival copy during the term of this Agreement.

If a Licensee institution/campus does not renew, ASTM will, upon request from Licensee, provide Licensee with a custom DVD containing (1) all 13,000 active ASTM standards; and (2) all ASTM Manuals, Monographs, Data Series, Special Technical Publications [STPs] and journal articles that will have been published during the Licensee's active subscription terms.

- viii. Caching. Licensee and Authorized Users may make local digital copies of the Licensed Materials in order to ensure efficient use by Authorized Users by appropriate browser or other software.
- ix. Collections of Information. Licensee and Authorized Users shall be permitted to extract or use information contained in the Licensed Materials for educational, scientific, or research purposes, including extraction and manipulation of information for the purpose of illustration, explanation, example, comment, criticism, teaching, research, or analysis.
- x. Course Packs. Licensee and Authorized Users may use a reasonable portion of the Licensed Materials in the preparation of Course Packs or other educational materials.
- xi. Electronic Links. The University of California is committed to the use of the emerging OpenURL standard to allow linking to related materials in other locations. If ASTM does not use the OpenURL standard, ASTM staff will provide information to Licensee upon request to assist the Licensee in creating links directly from UC's library catalogs and licensed resources to the content at the journal, issue and article levels.
- xii. Text Mining. Authorized Users may use the licensed material to perform and engage in text mining /data mining activities for legitimate academic research and other educational purposes.
- xiii. Interlibrary Loan. Licensee at its discretion may fulfill occasional requests from other institutions, a practice commonly called Interlibrary Loan. Licensee agrees to fulfill such requests in compliance with Section 108 of the United States Copyright Law (17 USC §108, "Limitations on exclusive rights: Reproduction by libraries and archives") and the Guidelines for the Proviso of Subsection 108(2g)(2) prepared by the National Commission on New Technological Uses of Copyrighted Works.

Licensee will be responsible for all access control and security measures necessary to ensure that the Licensee's IP addresses are not used to access the Licensed Materials other than by Authorized Users. Licensee agrees to immediately notify ASTM of any known or suspected unauthorized use(s) of or unauthorized access to the Licensed Materials. Licensee shall not be liable for breach of any of the terms of this Agreement by any Authorized User provided that Licensee did not intentionally assist in or encourage such breach or permit such breach to continue after having actual written notice thereof and provided Licensee reasonably cooperates with ASTM to prevent misuse.

Termination: This Agreement is effective until terminated. This Agreement may be terminated at any time upon thirty (30) days written notice. Upon termination of transactional-based access to the Licensed Materials, Licensee agrees to destroy all copies (hard, digital, or in any media) of the Licensed Material. Upon termination of an ASTM subscription, the Licensee may continue to use and access online those volumes of each title for which subscriptions had been duly paid. In the event that ASTM determines that it will no longer provide the titles over the World Wide Web, ASTM shall provide Licensee with access to the said subscribed titles in another searchable media format mutually agreeable to both parties.

In the event of early termination permitted by this Agreement, Licensee shall be entitled to a refund of any fees or pro-rata portion thereof paid by Licensee for any remaining period of the Agreement from the date of termination.

Warranty: ASTM will make all reasonable efforts to ensure that the Licensed Materials are available to Licensor and Authorized Users at all times and on a 24-hour basis, excluding routine network administration, system downtime, and maintenance (which shall be notified to Licensee in advance whenever possible), and to restore access to the Licensed Materials as soon as possible in the event of an interruption or suspension of the service.

Subject to the Limitations set forth elsewhere in this Agreement:

ASTM warrants that it has the right to license the rights granted under this Agreement to use Licensed Materials, that it has obtained any and all necessary permissions from third parties to license the Licensed Materials, and that use of the Licensed Materials by Authorized Users in accordance with the terms of this Agreement shall not infringe the copyright of any third party.

Disclaimer of Warranty: Unless specified in this Agreement, all express or implied conditions, representations and warranties, including any implied warranty of merchantability, fitness for a particular purpose or non-infringement are disclaimed, except to the extent that these disclaimers are held to be legally invalid.

Neither party shall be liable for any indirect, special, incidental, punitive or consequential damages, including but not limited to loss of data, business interruption, or loss of profits, arising out of the use of or the inability to use the Licensed Materials.

Limitation of Liability: To the extent not prohibited by law, in no event will ASTM be liable for any loss, damage, lost data or for special, indirect, consequential or punitive damages, however caused regardless of the theory of liability, arising out of or related to the use or downloading of the ASTM Document.

Confidentiality of User Data: ASTM and Licensee agree to maintain the confidentiality of any data relating to the usage of the Licensed Materials by Licensee and its Authorized Users. Such data may be used solely for purposes directly related to the Licensed Materials and may only be provided to third parties in aggregate form. Raw usage data, including but not limited to information relating to the identity of specific users and/or uses, shall not be provided to any third party.

Usage Statistics: ASTM must provide usage statistics in compliance with COUNTER or other recognized international standard.

Perpetual License. Notwithstanding anything else in this Agreement, ASTM hereby grants to Licensee a nonexclusive, royalty-free, perpetual license to use any Licensed Materials that were accessible during the term of this Agreement. Such use shall be in accordance with the

provisions of this Agreement, which provisions shall survive any termination of this Agreement. The means by which Licensee shall have access to such Licensed Materials shall be in a manner and form substantially equivalent to the means by which access is provided under this Agreement.

Indemnities: ASTM shall indemnify and hold Licensee harmless for any losses, claims, damages, awards, penalties, or injuries incurred, including reasonable attorney's fees, which arise from any claim by any third party against Licensee of an alleged infringement of copyright arising out of the use of the Licensed Materials by the Licensee or any Authorized User. Licensee must provide ASTM with written notice of such claim within 30 days of its own receipt of notice. NO LIMITATION OF LIABILITY SET FORTH ELSEWHERE IN THIS AGREEMENT IS APPLICABLE TO THIS INFRINGEMENT INDEMNIFICATION.

Each party shall indemnify and hold the other harmless for any losses, claims, damages, awards, penalties, or injuries incurred, including reasonable attorney's fees, which arise from any alleged breach of such indemnifying party's representations and warranties made under this Agreement, provided that the indemnifying party is promptly notified of any such claims.

The indemnifying party shall have the right to defend such claims at its own expense. The other party shall provide assistance in investigating and defending such claims as the indemnifying party may reasonably request and have the right to participate in the defense at its own expense.

Dispute Resolution: In the event of any dispute or controversy arising out of or relating to this Agreement, the parties agree to exercise their best efforts to resolve the dispute as soon as possible. The parties shall, without delay, continue to perform their respective obligations under this Agreement which are not affected by the dispute.

Severability: If any provision or provisions of this Agreement shall be held to be invalid, illegal, unenforceable or in conflict with the law of any jurisdiction, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

Waiver of Contractual Right: Waiver of any provision herein shall not be deemed a waiver of any other provision herein, nor shall waiver of any breach of this Agreement be construed as a continuing waiver of other breaches of the same or other provisions of this Agreement.

Notice of the Use of Digital Rights Management Technology: In the event that ASTM utilizes any type of digital rights management technology to control the access or the usage of Licensed Product, ASTM agrees to notify Licensee of the name, contact information and any technical specifications for the digital rights management technology utilized.

Notice of the Use of Digital Watermarking Technology: If ASTM utilizes any type of digital watermarking technology for any element of the Licensed Product, ASTM agrees that watermarks will not be visible to the human eye and will not degrade image quality.

Integration: This Agreement is the entire agreement between Licensee and ASTM relating to its subject matter. It supersedes all prior or contemporaneous oral or written communications, proposals, representations and warranties and prevails over any conflicting or additional terms of any quote, order, acknowledgment, or other communication between the parties relating to its subject matter during the term of this Agreement. No modification of this Agreement will be binding, unless in writing and signed by an authorized representative of each party. In the event that ASTM requires Authorized Users to agree to terms relating to the use of the Licensed Materials before permitting Authorized Users to gain access to the Licensed Materials (commonly referred to as "click-through" licenses), such terms shall not materially differ from the provisions of this Agreement. In the event of any conflict between the terms of such "click-through" licenses and this Agreement, the terms of this Agreement shall prevail.
