C TERMS AND CONDITIONS OF USE

The rights and restrictions governing access to Wiley InterScience and the Electronic Products by the Licensee and its Authorized Users are outlined in the Terms and Conditions of Use below, pursuant to section E2a.

- a. Authorized Users may download, view, copy and save to hard disk or diskette and store or print out single copies of individual articles, chapters or entries in the Licensed Electronic Products for the Authorized User's own personal use, scholarly, educational or scientific research or internal business use. Authorized Users may also transmit such material to a third party colleague in hard copy or electronically, for personal use or scholarly, educational, or scientific research or professional use but in no case for re-sale. In addition, Authorized Users have the right to use, with appropriate credit, figures, tables and brief excerpts from individual articles, chapters or other entries from the Licensed Electronic Products in the Authorized User's own scientific, scholarly and educational works such as books and articles.
 - b. All Authorized Users have the option to create a Personal Home Page which will allow them to create data files and links to articles, chapters and entries of interest in the Licensed Electronic Products, and search criteria which may be reused by them. In order to do so, the Authorized User will have to select and register a user name and password which the Authorized User must keep confidential and not disclose to or share with anyone else.
 - c. The Licensee and its Authorized Users may create links to Wiley InterScience from their Online Public Access Catalog (OPAC) records, library catalogs, locally hosted databases or library web pages, provided those links do not result in access to licensed content by anyone other than Authorized Users, or for use in any paid or commercial service.
 - d. Authorized Users who are members of the Licensee's faculty or staff may download and print out multiple copies of material from Licensed Electronic Products for the purpose of making a multi-source collection of information for classroom use (course-pack) to be distributed to students at the Licensee's institution free of charge on a cost-recovery basis or at a cost-based fee. Material from Licensed Electronic Products may also be stored in electronic format in secure electronic data files for access by Authorized Users who are students at the Licensee's institution, as part of their course work.
 - e. The Licensee's library staff may supply to an authorized user of another library (whether by post, fax or secure electronic transmission, using Ariel or its equivalent, whereby the electronic file is deleted immediately after printing), for the purposes of research or private study, a single paper copy of an electronic original of an individual document.
2. Except as provided in Paragraph C(1) above, Authorized Users may not copy, distribute, transmit or otherwise reproduce material from Electronic Products; store such material in any form or medium in a retrieval system; or transmit such material, directly or indirectly, for use in any paid service such as document delivery or list serve, or for use

Art

by any information brokerage or for systematic distribution, whether or not for commercial or non-profit use, or for a fee or free of charge.

3. In order to protect the integrity and attribution of Wiley InterScience and the Electronic Products, the Licensee and its Authorized Users may not remove, obscure or modify any copyright or proprietary notices, author attribution or any disclaimer contained therein or on any screen display. Authorized Users may not integrate material from the Electronic Products with other material or otherwise create derivative works in any medium, since the exclusive right to prepare derivative works based upon the copyrighted work is vested in the copyright owners. However, brief quotations for purposes of comment, criticism or similar scholarly purposes are not an infringement of copyright and are not prohibited herein.
4. Authorized Users may not do anything to restrict or inhibit any other Authorized User's access to or use of Wiley InterScience and the Licensed Electronic Products.
5. If an Authorized User fails to abide by these Terms and Conditions of Use or other terms of this License, Wiley reserves the right in its sole discretion to suspend or terminate such Authorized User's access to Wiley InterScience and the Licensed Electronic Products immediately without notice, in addition to any other available remedies. Notwithstanding the above, except in the case of a material breach which Wiley deems dangerous to the integrity and security of InterScience, Wiley shall give prior written notice to the Licensee of its intention to terminate such Authorized User's access and shall allow the Licensee and/or the Authorized User 30 days after receipt of such notice to cure the breach or agree to abide by the terms and conditions of this License.

D. **FEES AND CHARGES**

License Fees and other charges for online access to the Licensed Electronic Products by the Licensee and its Authorized Users, and other services provided by Wiley InterScience, are specified in appendices attached hereto.

2. The Licensee is responsible for any charges associated with accessing Wiley InterScience and the Licensed Electronic Products, including, but not limited to, any computer equipment, telephone or Internet connections and access software.
3. The Licensee may cancel Licensed Electronic Products without penalty provided that such changes do not exceed [REDACTED] of each applicable Licensed Electronic Product category (such as journals and major reference works) for any calendar year and titles at least equal in value to the canceled titles are added to the License (which will be reflected in amendments to the appendices). Cancellations will only be accepted on a calendar year basis and Wiley must be notified of both such cancellations and of additions in writing no later than the preceding November 1st.

E. **MUTUAL OBLIGATIONS**

Wiley will:

- a. make reasonable efforts to ensure uninterrupted online access to and continuous availability on a 24-hour basis of the Licensed Electronic Products to Authorized

24

Users in accordance with this License, and to restore access to such Electronic Products as promptly as possible in the event of an interruption or suspension of the Wiley InterScience service which is not attributable to any third party service provider over which Wiley has no control (e.g., an Internet or telecommunications service provider); within the control of Wiley, scheduled downtime will be performed at a time to minimize inconvenience to customers worldwide.

- b. provide aggregate usage statistics to the Licensee about the use of the Licensed Electronic Products by the Licensee's Authorized Users, consistent with applicable privacy laws and confidentiality requirements.
- c. use reasonable efforts to ensure that the online content is equivalent to Wiley print journals and is available prior to or no later than the print equivalent.
- d. use reasonable efforts to cooperate with the Licensee, which is responsible for compliance with the Americans with Disabilities Act (ADA).
- e. cooperate with the Licensee to provide the capability to link directly from records in the Licensee's bibliographic computing systems, including library web pages, to articles available in the Licensed Electronic Publications through Wiley InterScience when possible.

2. The Licensee will

- a. take reasonable measures to inform Authorized Users of the Terms and Conditions of Use governing access to Wiley InterScience and to emphasize to such Authorized Users the need to comply with whatever restrictions on access, use, reproduction and transmission are included therein;
- b. make access available to Authorized Users only through the Licensee's secure network and from valid IP addresses; undertake reasonable measures within its control to prevent access to and improper use of the Licensed Electronic Products and Wiley InterScience by unauthorized persons; and take responsibility for terminating any unauthorized access of which it has actual notice or knowledge;
- c. provide Wiley with information about the Licensee's IP addresses which can be used by Wiley to authenticate Authorized Users, and which shall be listed in Appendix A as updated from time to time;
- d. promptly notify Wiley of any copyright infringement or unauthorized usage of the Electronic Products which comes to the Licensee's attention; and cooperate with Wiley in the investigation of such infringement or unauthorized use and in any action which Wiley takes to enforce its copyright, at Wiley's expense. Notwithstanding the above, the Licensee shall not be responsible for such unauthorized use which is without the express or implied consent of the Licensee, provided that the Licensee has taken reasonable steps to prevent such misuse and, upon learning of it, notifies Wiley promptly of any such breach or infringement.

PRIVACY AND DATA PROTECTION POLICY

Wiley recognizes the importance of protecting the information it collects in the operation of Wiley InterScience and will take all reasonable steps to maintain the security, integrity and privacy of this information. Wiley will ensure that any information it collects will be adequate, relevant and not excessive for purposes of operating Wiley InterScience; it will be kept accurate and up-to-date based on information provided and will be deleted when no longer needed. Except where necessary in connection with services provided by appropriate intermediaries, who will be required to comply with the confidentiality provisions of this policy, Wiley will not disclose any personal information identifying Authorized Users or the Licensee to any third party, unless required by law or to enforce Wiley InterScience Terms and Conditions of Use.

If use of an Electronic Product or Service offered by Wiley requires an Authorized User to provide a name and password or other personally identifiable information, the User will have the option to opt in or out of providing such information and using the Product or Service. For example, Authorized Users are given the option of creating a Personal Home Page where the Authorized User may store links to Licensed Electronic Products, favorite articles, chapters and entries and search criteria, but use of a Personal Home Page is voluntary on the part of an Authorized User. Any private communications or information supplied to Wiley by an Authorized User may be used by Wiley for internal business and research purposes and to help enhance and develop Wiley InterScience but will not be shared with third parties.

Wiley will only disclose to third parties navigational and transactional information in the form of anonymous, aggregate usage statistics (including "hits" on Wiley InterScience and the Licensed Electronic Products) and demographic information in forms that do not reveal an Authorized User's or the Licensee's identity or confidential information, except as required by law.

Links may be provided from Wiley InterScience to other websites. In using such links, Authorized Users should be aware that each website will vary in terms of its privacy and data protection policies, and Wiley does not take responsibility for the privacy policies of, and usage of personal information collected by, others.

Please note that Wiley's privacy and data protection policy is reviewed periodically. Any comments or questions concerning this policy should be addressed to: Wiley InterScience Privacy Policy at uscs-wis@wiley.com.

G. **TERM AND TERMINATION**

1. The Term of this License shall commence on January 1, 2004 and end on December 31, 2006. At the end of the initial License Term, the License shall be automatically renewed for additional renewal terms of one year each on the same terms and conditions as specified herein and in the Appendices unless either party gives notice to the other in writing, at least 60 days prior to the end of the initial Term or a renewal Term, that it will terminate the License at the end of such Term.
2. Pursuant to Paragraph C.5 above, Wiley shall have the right to request the Licensee to terminate access to Wiley InterScience by an Authorized User who breaches Wiley's Terms and Conditions of Use or infringes copyright in the Electronic Products or Wiley InterScience.

Def

3. Either party may terminate this License if the other party materially breaches its obligations under this License and fails to cure such material breach, provided that the non-breaching party shall give written notice of its intention to terminate and shall allow the breaching party 60 days after receipt of such notice to remedy the breach.
4. Notwithstanding subparagraph G.3 above, Wiley's failure to perform any term or condition of this Agreement as a result of conditions beyond its control such as, but not limited to, war, strikes, fires, floods, governmental restrictions, power failures, or damage to or destruction of any network facilities or servers, shall not be deemed a breach of this Agreement.
5. The Licensee reasonably believes that funds can be obtained sufficient to pay all monies due during the term of this Agreement and hereby covenants that it will do all things lawfully within its power to obtain, maintain, and properly request and pursue funds from which payments for this transaction may be made, including making provisions for such payments to the extent necessary in each budget submitted for the purpose of obtaining funding, using its bona fide best efforts to have such portion of the budget approved and exhausting all available administrative review and appeals in the event such portion of the budget is not approved. It is the Licensee's intent to make payments for the full term of this transaction. The Licensee represents that the use of the materials under this transaction are essential to its proper, efficient and economic operation.

In the event no funds or insufficient funds are appropriated and budgeted and are not otherwise legally available by any means whatsoever in any calendar year during the term for payments due under this transaction, the Licensee will immediately notify Licensor of such occurrence and this transaction shall terminate on the last day of the calendar year during the term for which appropriations were received without penalty of expense to the Licensee of any kind whatsoever. If at the beginning of a calendar year during the term the Licensor has not received payment in full, the Licensor will require the Licensee to confirm in writing that full payment is forthcoming as a prerequisite for providing the licensed services, and the Licensee will be held liable for the full amount.

The Licensor and Licensee will agree whether to renegotiate the terms of the current agreement or whether to terminate the current agreement and negotiate a new agreement, taking into account what funds shall have been appropriated and budgeted or otherwise available. In the event of such termination the Licensee shall maintain its perpetual right to materials licensed under the contract period for which it has fully paid.

H. WARRANTY AND DISCLAIMERS BY WILEY

Wiley represents and warrants that it has the right and authority to make Wiley InterScience available to the Licensee and its Authorized Users pursuant to the terms and conditions of this License and that, to the best of Wiley's knowledge, Wiley InterScience and the Electronic Products do not infringe upon any copyright, patent, trade secret or other proprietary right of any third party.

2. Wiley InterScience may provide Authorized Users with links to third-party websites. Where such links exist, Wiley disclaims all responsibility and liability for the content of

such third party websites. Authorized Users assume sole responsibility for the accessing of third party websites and the use of any content on such websites.

3. Except for the warranties in paragraph H above,
 - a. WILEY INTERSCIENCE AND THE ELECTRONIC PRODUCTS AND ALL MATERIALS CONTAINED THEREIN ARE PROVIDED ON AN "AS IS" BASIS, WITHOUT WARRANTIES OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, WARRANTIES OF TITLE, OR IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE;
 - b. THE USE OF THE ELECTRONIC PRODUCTS, WILEY INTERSCIENCE AND ALL MATERIALS IS AT THE AUTHORIZED USER'S OWN RISK;
 - c. ACCESS TO WILEY INTERSCIENCE AND THE ELECTRONIC PRODUCTS MAY BE INTERRUPTED AND MAY NOT BE ERROR FREE; AND

NEITHER WILEY INTERSCIENCE, THE ELECTRONIC PRODUCTS, WILEY, OR ANYONE ELSE INVOLVED IN CREATING, PRODUCING OR DELIVERING THE ELECTRONIC PRODUCTS OR THE MATERIALS CONTAINED IN WILEY INTERSCIENCE, SHALL BE LIABLE FOR ANY DIRECT, INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL OR PUNITIVE DAMAGES ARISING OUT OF THE AUTHORIZED USER'S USE OF OR INABILITY TO USE WILEY INTERSCIENCE, THE ELECTRONIC PRODUCTS AND ALL MATERIALS CONTAINED THEREIN.
4. Wiley shall indemnify and hold the Licensee harmless from and against any damages, costs and fees (including reasonable attorney's fees) resulting from any judgment against the Licensee arising out of the claim of a third party that Wiley's license of the Licensed Electronic Journals or the Licensee's use thereof constitutes an infringement of any copyright, patent, trade secret or other proprietary right of any such third party. This indemnity shall not apply if the claim involves content which has been modified or otherwise used in a manner not permitted under this License or if the Licensee has failed to comply with other terms of this License. NO LIMITATION OF LIABILITY SET FORTH ELSEWHERE IN THIS AGREEMENT IS APPLICABLE TO THIS INDEMNIFICATION.
5. The Licensee shall give prompt notice of an infringement claim to Wiley, provide such cooperation and assistance to Wiley as is reasonably necessary to defend the claim, and shall allow Wiley to have the sole control of the defense, provided, however, that the Licensee retains the right to participate in the defense at its own expense.

APPENDIX B – LICENSED ELECTRONIC JOURNALS

Licensed Electronic Journals are defined herein as the online editions of Wiley journals to which the Licensee has access, including retrospective (back to 1997, where available) and current electronic files of such journals as well as tables of content, abstracts, full text and illustrations and any additional electronic journal content not included in the print versions of the journals.

A. Archiving rights:

- 1) After termination of the License, Wiley will provide the Licensee with access to the full text of the Licensed Electronic Journals accessible during the Term of this License, either by continuing online access to the same material on Wiley's server or by means of an archival copy in the electronic medium selected by Wiley, at a cost-based fee agreed to by both parties. In the alternative, after the termination of the License, the Licensee may choose to create a single electronic copy for the purpose of archiving, for the Licensee's own internal use, and not for redistribution.
- 2) Pursuant to the paragraph above, Wiley will grant to the Licensee, after termination, a nonexclusive, royalty-free, perpetual license to use such material in accordance with the restrictions on use specified in Section C, Terms and Conditions of Use, which shall survive any termination of this Agreement.
- 3) Wiley will provide to UC a single print journal archival copy of Wiley InterScience titles selected by CDL, as they are published, shipped to a single ship-to address at no additional cost beyond the Base Value of the Agreement.
 - a) CDL will notify Wiley of the titles to be shipped by November 15 of each year. The print will be delivered to a UC regional storage facility of non-circulating volumes.
 - b) The purpose of the print archive is to provide a back-up source should any published content be missing from the online version, unsatisfactory in resolution or quality (particularly images), or unavailable to authorized user(s). The print archive provides a "safety net" for the shared collection as UC libraries undergo a print-to-digital transition, and satisfies faculty requests to store print until the digital version is considered the "copy of record" (including all content such as editorial boards, meeting announcements, and other administrative material).
 - c) This requirement does not apply if Wiley ceases to produce paper editions of Wiley InterScience journal titles.
 - d) The provision of the print archive is limited to the three-year term of the license. Wiley will be under no obligation to continue this practice after the termination of this agreement period.
 - e) The CDL and Wiley agree that should both parties decide that the electronic version of the journals is a stable and reliable "copy of record," Wiley will no longer be obligated to provide print copies of Wiley InterScience journals for the archive.
 - f) CDL will make reasonable efforts to notify Wiley of anomalies or quality issues in Wiley InterScience journals that come to its attention and/or prompt use of the print archive of the licensed materials.
- 4) Upon request, CDL may receive during the term of the agreement from Wiley the entire set of

But

materials licensed under this agreement and create one (1) copy to be maintained as a backup or archival copy or as required to exercise CDL's perpetual rights, as stated above. Conditions and terms of use will be exercised pursuant to the terms of the agreement and subsequent amendments.

B. Pricing:

1. Year 1 – 2004

- a) If CDL [REDACTED] on non-subscription Wiley online products in 2004 then the Content Fee plus E [REDACTED] for 2004 [REDACTED] value [REDACTED], plus the value of any titles that are added in 2004 and minus the value of any titles that cease or are sold on Wiley InterScience in 2004, per the terms described below.
- b) If CDL [REDACTED] on non-subscription Wiley online products in 2004 then the Content Fee plus E-access fee for 2004 [REDACTED], plus the value of any titles that are added in 2004 and minus the value of any titles that cease in 2004, per the terms described below.
- c) One-time purchases selected for 2004 (pending campus approval) include four journal backfiles and two encyclopedias as listed in Item 1 above and described in Appendix C and E [REDACTED]

C. Additional terms related to required one-time spending in Years 2 and 3:

If Wiley does not publish enough online products to satisfy this requirement, or if the CDL and Wiley agree that the Wiley online products available for purchase in years two and three of this license are not suitable to the collection development needs of the University, the University may elect to spend [REDACTED] in each of these years and will be considered in compliance with this requirement, in which case there will be no journal price increase as described in paragraphs e) and g) above.

D. Additional terms related to pricing include:

1. Print subscriptions are optionally available to UC libraries [REDACTED] U.S. subscription [REDACTED]. This does not apply to titles new to Wiley InterScience or titles not subscribed to by the licensee unless added to the licensee's EAL, and this does not apply to titles that are not available via Wiley InterScience.
2. Cost to add new electronic titles to Wiley InterScience where UC holds a current print subscription: [REDACTED] UC print subscriptions. Wiley will add new titles only upon written authorization by CDL after a formal approval process by all ten campuses.
3. Cost to add new electronic titles to Wiley InterScience where UC does not hold a current print subscription: cost will equal the U.S. subscription list price times a factor of 4 (the historic average number of print subscriptions to Wiley journals in UC holdings). Wiley will add new titles only upon written authorization by CDL.
4. Credit for titles that cease or are sold on Wiley InterScience will be automatically adjusted on CDL's invoice by Wiley [REDACTED]
5. The best available early payment terms will be extended to CDL each year of the license.
6. Campuses will be able to individually add non-journal content [REDACTED] and the annual price cap stated in this contract will apply.
7. UC Merced is included in the contract (first year of full enrollment is estimated in 2006).
8. Both parties will cooperate to set up procedures that will ease the reporting of added and deleted titles.
9. Consortium Benefit: Wiley will make all journal titles in Wiley InterScience as of January 1, 2004 available to the University of California.
