

The screenshot shows a web browser window displaying the DASH dataset landing page. The page includes a navigation bar with 'Home', 'Browse Data', 'About Dash', and 'My Datasets'. The main content area is divided into several sections: 'Type of Data' with a title and author information; 'Download files and documentation' with a ZIP file link; 'Data Files' listing two folders with sub-files; 'Metrics' showing 100 views and 50 downloads; 'Keywords' with four hyperlinks; 'License' with a Creative Commons Attribution 4.0 International License icon; 'Location' with a map of Oakland; 'Funding' with a placeholder for organization name; and 'Reference' with a DOI link. The footer contains copyright information for the University of California and the UC Curation Center.

All versions preserved and available

Usage metrics exposed

 Creative Commons licensing

ORCID integration 

DataCite DOIs 

Prominent citation string encourages formal citation

Ample free-text metadata supports reuse

GeoBlacklight display of geospatial metadata 

Placename lookup via MapZen 

FundRef integration 

Persistent links to publications

 **Straightforward compliance.** Submit your data to satisfy publisher and funder requirements for preservation and availability with a minimum of effort. Optionally link data to the article and funding organization.

 **Any field. Any format.** Submit data in any file format from any field of research. Share all of the data from a project in one place.

 **Get discovered.** Each landing page and dataset is optimized for search engines. Include any relevant geo-location information to take advantage of our built-in geospatial search

 **Credit for your work.** Get an informative landing page to facilitate re-use of your data and a citable DOI so you can get credit. Add your ORCID identifier and we will automatically send the information to your ORCID profile.
