

**YBP APPROVAL PLAN PROFILE and
MEMORANDUM OF AGREEMENT**

**California Digital Library
Shared Print Office
Canadian Literature Plan
Plan # 5306, Account # 5671-11
Dec-05**

This memorandum is intended to explain the Library's arrangement with YBP Library Services, a Baker & Taylor Company, to provide selected publications on an approval basis.

The explanation is presented in three parts. Part I briefly describes the procedures which govern billing, shipment, account structure, discount, and returns of materials provided on approval. Part II outlines the technical support provided by YBP. Part III describes the instructions for coverage of specific continuation titles on the plan, the Approval Plan Publisher Profile or "press list," the plan's subject parameters, and the non-subject qualifiers which

Both the Library and YBP recognize that changes to these guidelines will likely be necessary as the program evolves over time. Any change in substance will be recorded in a written communication from YBP to the Library.

I. GENERAL PROCEDURES

A: Invoicing

1: A 3-part invoice will be included in each shipment with books listed alphabetically by Title.

Payment will be made from this invoice.

2: A 3-part bibliographic form will be included in each book for the Library's use.

3: The notation "APPROVAL" will appear on all invoices and shipping labels.

B: Shipment:

1: Shipments will include both books and notification slips (title announcements sent in lieu of a book). Unless specifically requested otherwise, one copy of each title will be shipped.

2: Shipments will be made via truck or United Parcel Service on a weekly basis. YBP will pay for shipping to the Library. Returned books must be shipped at customer expense via United Parcel Service or insured mail.

3: Materials will be shipped MONTHLY to the following address:

**Southern Regional Library Facility
305 De Neve Drive
Parking Lot 17
Los Angeles, CA 90095-1388**

C: Account and Plan Structure:

The Library’s account structure is indicated in the table below. Sub-accounts shown in **bold** are associated with the approval plan.

Sub-Account #	Plan #	Description
5671-11	5306	Canadian Literature plan

D:Discounts:

The library will be billed at list price less 16% for most [cloth] titles available in North America, less 10% for most paperbacks. Prices announced on notification slips are usually met, but are not guaranteed.

YBP does not discount certain categories of titles, which are sold to libraries at list price, or at list price plus a service fee:

- ❖ Titles imported directly from overseas by YBP.
- ❖ Titles obtained by YBP from out-of-print suppliers.
- ❖ Titles with little or no publisher discount to YBP.

E: Returns:

Under the provisions of this Approval Plan, YBP will ship to the Library books selected according to the press, subject and non-subject parameters described in Part II. The Library reserves the right to return titles which are deemed inappropriate to the Library’s collection for reasons of content, subject, style, format, quality, etc.

Returns are not expected to exceed 5%.

Titles may routinely be returned in resalable condition within 120 days of date of YBP invoice. Defective titles may be returned within one year of the invoice date. Claims for missing or damaged titles must be reported to a YBP Customer Service Representative within 30 days of the invoice date.

Returns must be shipped via UPS or insured mail.

F: Management Reports

Collection Management Reports can be submitted by the library via GOBI®, YBP’s on-line collection management tool. Various report templates can provide expenditure reports according to the library’s specifications, as well as open order reports and other approval plan support materials such as press lists, and standing order instructions.

II. TECHNICAL SERVICE SPECIFICATIONS

A: GOBI®

YBP's GOBI® (Global Online Bibliographic Information) service is available to the Library via the World Wide Web. GOBI® provides a sophisticated acquisitions and collection development support system, with access to querying, selection, ordering and reporting functions across YBP's entire database of titles. The Library should contact their bibliographer-liaison to register for GOBI® access.

B: Bibliographic, Cataloging, & Processing Services

The Library has contracted with YBP for the range of bibliographic, cataloging, and/or processing services specified in the Library's YBP Technical Services Profile. The Technical Services Profile, in conjunction with the Memorandum of Agreement, details the specific services to be provided and the responsibilities of each partner. Success in the outsourcing of acquisitions and technical services requires ongoing consultation and a mutual commitment to working together to address issues and concerns as they arise.

III. APPROVAL PLAN SPECIFICATIONS

A: Continuations:

The Library Series Report (available via GOBI® or upon request from your bibliographer-liaison) reflects the Library's instructions to YBP for handling specific continuation titles on the approval plan. These title-specific instructions override all other profile elements.

"Book" indicates that all volumes of the continuation title will be supplied on the approval plan. "Slip" indicates that notification slips will be sent. "Exclude" indicates that all volumes of the continuation title will be excluded from coverage on the approval plan.

B: Publishers:

The plan will include all university press, trade, scholarly and professional publishers named on the Library's Approval Plan Publisher Profile, or press list. The Library is only interested in Canadian publishers. As new Canadian imprints are added to YBP's approval publisher list, they will be set for Book coverage. Other imprints will be excluded.

The subject and non-subject parameters below apply to all publishers covered by this Approval Plan.

C: Subject Parameters:

The following subject parameters describe the subject focus of the plan. Books will be shipped automatically in subjects preceded by a "B". Notification slips will be sent in lieu of a book for all subjects preceded by an "S". Nothing will be shipped for all subjects preceded by an "X", except as indicated in the notes. Exceptions and clarifications to the general instruction for a subject are noted beneath the subject.

Key Reviews: The library has requested coverage of several key review sources. The specifics of this coverage can be found at the end of this profile.

Adult Awards: The library has requested coverage of several awards. The specifics of this coverage can be found at the end of this profile.

CONTENT LEVEL DEFINITIONS

General-Academic (GEN-AC):

This category is applied to works of scholarship which assume no prior knowledge of a topic. Accessible to any college or university student, these are often studies of broad subject areas or of topics of high current interest. Some titles not strictly academic in nature, such as fiction and poetry of literary quality, and quality works of journalism or other non-fiction, also would be placed here. All General-Academic titles would be appropriate for undergraduate study.

Advanced -Academic (ADV-AC):

This level applies to all works of scholarship treating narrowly defined or difficult topics, but generally accessible to advanced students or faculty within a discipline or to those who may be reading in a specialty other than their own. Some Advanced-Academic titles also are appropriate for use by upper-level undergraduates.

Professional (PROF):

This level applies to works of extreme technical difficulty or treating such esoteric subjects as to interest only well-trained specialists in the field. Practical guidebooks written for working professionals in fields such as Education, Business, Law, Medicine, Nursing, or Social Work, even when not highly technical, also would fall into this category.

Popular (POP):

Books rated at this level are primarily intended for retail sale to a very broad readership beyond colleges and universities. The Popular level would include genre fiction such as mysteries and science fiction; inspirational poetry or spirituality; cookbooks; most travel guides; many biographies of athletes, movie stars, and other entertainment figures; and materials intended for casual reading or individual self-help or instruction, as opposed to academic or professional study.

Juvenile (JUV):

This category applies to books intended to be read by children. The YBP approval plan program treats only those children's titles published by university presses. We do not treat the thousands of children's titles released by trade publishers
